Christmas

1942

When the terrible Kings of evil
Shall darken the hills about,
Thy part is with broken sabre
To rise on the last redoubt:
To fear not sensible failure
Nor covet the gain at all,
But fighting, fighting, fighting,
Die, driven against the wall."

Foreword

I am very happy to have the privilege of writing a foreword for Bishop's College School Magazine.

The true measure of the worth of any educational institution is the life and work of its graduates. By this test there are few schools in Canada which have gained and merited as high a reputation as Bishop's College School. In happier days, old boys of the School were found doing useful work in all walks of Canadian life. I have observed particularly how many of them occupy responsible posts in the public service of Canada. Now that we are engaged in the grim business of war, this devotion to public duty on the part of your graduates is even more marked. One need but glance through the pages of the last issue of your Magazine to learn how many of your old boys are serving in the Army, the Navy, and the Air Force. It is especially worthy of note that the Commander of Canada's Armed Forces Overseas and the Chief of the General Staff are former students of Bishop's College School. Surely an excellent tribute to the quality of its training.

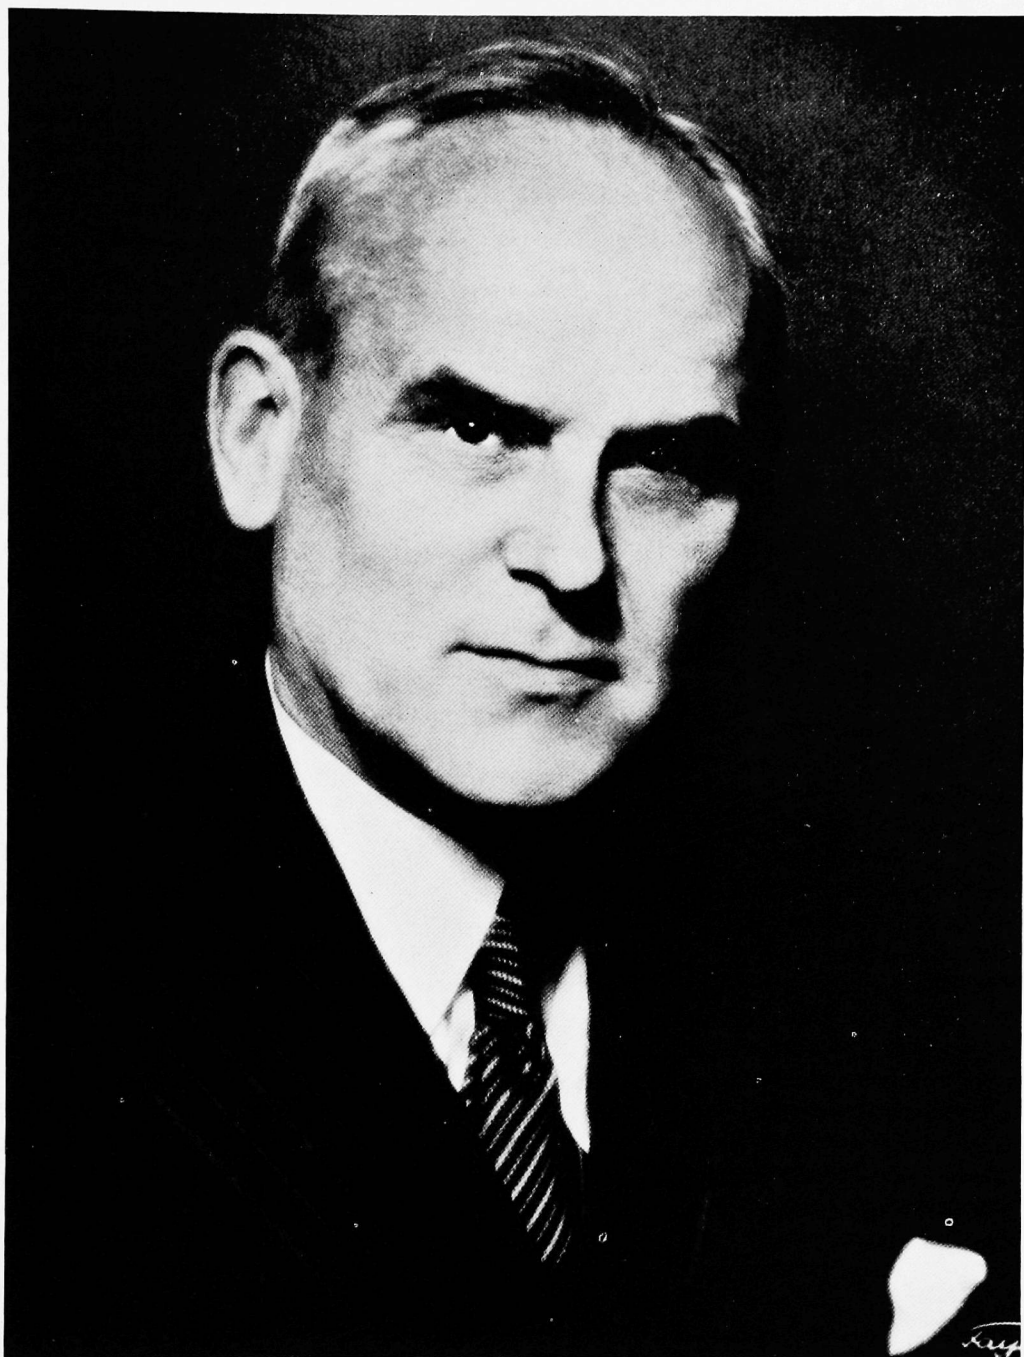

In times such as these, it is quite natural that men should ask themselves whether the work they are doing is really essential to the winning of the war. To the Masters of the School, may I give a word of advice and encouragement. There need be no apology for the training of young men in the ways and habits of right thinking and decent living at a time when all that is finest and best in our civilization is in peril. We all hope that the war will end soon, that we may set about the tremendous task of re-habilitation and reconstruction. But, we know enough of the enemy's cunning and strength to realize that we would be foolish indeed to count on an early or an easy victory. It may very well be, then, that the young men who go through your classes will yet be called upon to take up arms and join their older brothers. For this reason alone, it is most important that they have all the rich benefits of your precept and example.

A word to the student body. I am sure that all the students of the School are impatient for the day when they will be old enough to join the Armed Services or to take up some other phase of war work. I would remind you that this is a scientific war in which every good soldier, every good airman, and every good sailor must be expertly trained. The best ground work for training in the Armed Services is a sound education both of mind and of body. You can best help to win the war now by working hard at your studies and playing hard at your games.

"I can promise you this, we won't fail you in the big show because our only aim is to get in there and knock the Hun out of the skies and make Canada as proud of us as we are of the wings she has given us to-day." With these fighting words LAC. ROBERT ALLEN KENNY, of Buckingham, Que., spoke on behalf of the graduating class from No. 2 Service Flying Training School, at Uplands, near Ottawa, after they had been presented with their wings by Prime Minister Mackenzie King at a ceremony in front of Canada's Parliament Buildings. Mr. King is at the left.

(Bob came first in his class and was congratulated by the Prime Minister. James Kenny was third.)

WHERE DEATH FALLS

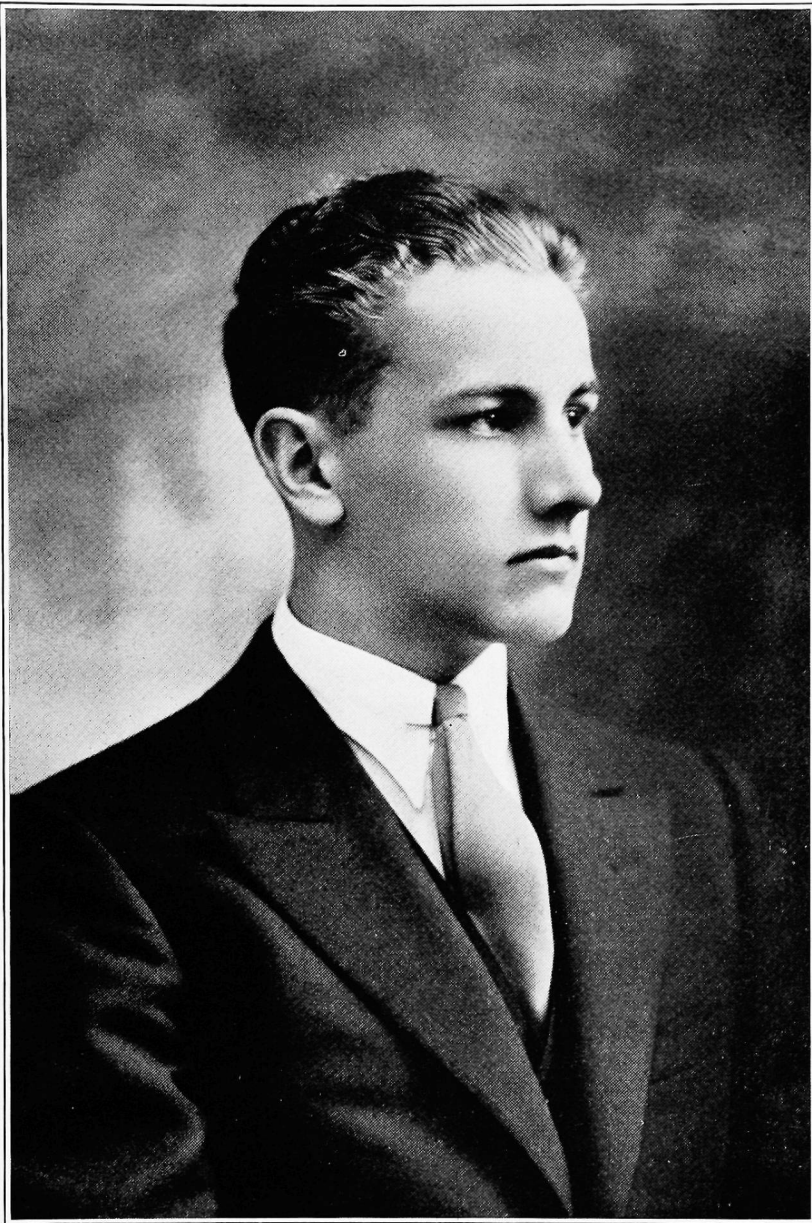

There fades the sunset of the parting day,
In shade as red as any ever been,
But when the sun has gone the shadows stay
Each bloodier than that already seen.
They stretch across those mighty rolling plains,
Where Reds and Nordics lock in gory fight;
They cross the Libyan sands in widening lanes
And shade the Melonesian Isles from sight.
And in their paths brave men in thousands lie,
The mortal shells of higher hopes and aims.
Let those who fight for gain, forgotten die
Forgotten ever—But preserve the names
Of those whose glorious strength of faith survives,
Who in the cause of freedom gave their lives.

CAPT. ROBERT W. DAVIS

Third son of Mr. and Mrs. H. Laurence Davis, of 533 Clarke Avenue, Westmount. Captain Davis, 29, has been officially reported lost at sea while en route to Canada on leave. His wife, formerly Vera Kathleen Williams, of Wormley, Surrey, England, was accompanying her husband, and is now with his parents in Westmount. Enlisting at the outbreak of war, Captain Davis had been quartermaster of the First Canadian Neurological Hospital from its inception, and had been overseas for two and a half years. He has three brothers: Sgt. Lawrence W. (Sonny) Davis, formerly in the R.C.A. and now attached to the Canadian Reserve Army; Capt. H. Weir Davis, R.C.A., now overseas, and Flt. Sgt. Philip W. Davis, who was recently reported missing while on air operations.

KILLED IN ACTION
SGT. JAMES KENNETH JOHNSTON

A son of Mr. and Mrs. James E. Johnston, of 3206 Westmount Boulevard, Sergeant Johnston is listed in the latest R.C.A.F. casualty list as killed on active service. He was educated at Selwyn House, Bishop's College School and McGill University, from which he graduated as Bachelor of Commerce in 1937. In March, 1940, he enlisted in the R.C.A.F. and secured his wing as an observer at Fingal, Ont. last winter. He went overseas in March.

Gazette, Monday June 29, 1942—

KILLED OVERSEAS

SGT. AIR GUNNER DONALD R. STEWART, who was killed on active service June 25, according to word received by his parents, Mr. and Mrs. Donald H. Stewart, 642 Carleton Avenue, Westmount.

Sgt. Stewart was 21 years old and enlisted at Montreal in June, 1940. He received his wing at McDonald, Man. He had attended Bishop's College School, Lennoxville, where he took an active interest in athletics. His specialty was track and at a meet held at his station in England he won the cross-country run.

The Gazette, Sept. 18th—

MISSING OVERSEAS

LT. DANIEL DOHENY, who is among those missing after Dieppe. Lt. Doheny, 27, is the son of the late Mr. and Mrs. Hugh Doheny, Roslyn Avenue, Westmount. A former student at Bishop's College School, Lennoxville, Que., he was well known as a hockey player and runner while at McGill University. Lt. Doheny enlisted at the beginning of 1940 and received his commission before going overseas in August, 1940. He has two brothers, also former students at Bishop's College and McGill University, Sub-Lt. Hugh Doheny, R.C.N.V.R. and Lt. William Doheny, First Battalion, The Black Watch. Both are overseas.

MISSING OVERSEAS

FLT.-SGT. PHILIP WEIR DAVIS, who has been reported missing after air operations is the youngest son of Mr. and Mrs. H. Lawrence Davis, of 533 Clarke Avenue, Westmount. He was attached to the R.A.F. and served as wireless air-gunner in both the Bomber and Coastal Commands. An artist by profession, Sgt. Davis attended Selwyn House and Bishop's College School, Lennoxville. His brother, Capt. R. W. Davis, R.C.A.M.C., is now serving overseas. Another brother, Capt. H. W. Davis, R.C.A., was "Lost at Sea."

The Gazette, Nov. 14th—

PRISONER OF WAR

LT. TEMPLE MURRAY BAROTT, 1st Battalion Black Watch (R.H.R.) of Canada (overseas), was taken prisoner of war during the Dieppe raid. Lt. Barott was first reported missing, but later communications revealed the fact that he had been taken prisoner and was unhurt. Lt. Barott, 23, is the only son of Mr. and Mrs. Ernest Barott, 3 Summerhill Terrace. He was educated at Selwyn House School, Bishop's College School, Lennoxville, and at McGill University, from which he graduated with an Arts Degree in 1939.

While a student at Selwyn House, he won the Molson scholarship to Bishop's College School, and upon graduation from B.C.S. was awarded the Lieutenant-Governor's medal. He was active in sports, notably football and hockey, while at school. Lt. Barott enlisted while still a student at McGill, and upon graduation went directly into the active army. He went overseas in July 1941, Mr. and Mrs. Barott have received a letter and a postcard from their son, since he has been taken prisoner, saying that both he and his friend, Lt. Murray Mather, also of the Black Watch, are well.

GETS NORWEGIAN CROSS
B.C.S. 1924-33

The Norwegian War Cross has been awarded Lieutenant Temporary Captain H. F. G. Boswell of the Royal Engineers, for gallantry in carrying out demolition work during the Allied retreat from Otta to Dombaas in Norway in 1940, by King Haakon of Norway.

Word received here by the Norwegian press attache tells of how Captain Boswell placed an explosive charge under a bridge at Rosedalén to hold up the German advance, after a first charge placed there in readiness had failed to explode.

Later he placed an explosive charge under another bridge to hamper the German attack.

Editorial

We express our gratitude to the Honourable C. D. Howe, who in his very busy life, found time to honour us with a Foreword.

Three more Old Boys have given their lives in the fight for Freedom and we regret to have to record that Robert Weir Davis, Donald R. Stewart and J. Kenneth Johnson have been Killed on Active Service. The School was deeply saddened by the news. Bob was here nine years and was Head Prefect; Don and Ken were here five. The School extends to the members of their families its profoundest sympathy and shares with them a solemn pride in the sacrifice made by them and in the contemplation of their splendid lives.

We express the fervent hope that we shall again see Phil Davis, missing after air operations, Dan Doheny and Pete Barott, prisoners of War after Dieppe and John Kenny, missing after Dieppe; in spite of the fact that shackling will go extremely hard on some of our boys.

The School was very pleased to hear that Jack Price, Charlie Price, Jimmy Ross (?), Hardy Johnston, Bill Clarke, Ian Breakey, Donald Ross, John McGreevy and Peter MacDougall, reported missing at Hong Kong, are now reported Prisoners of War and still hopes that Arnie Woodside may yet be heard from.

Many Old Boys, both at home and overseas, have expressed their pleasure that a tentative list of all O.B.'s. in the services had been attempted because:—" . . . an Old Boy was almost within seeing distance . . . was in the vicinity . . . was in a regiment stationed not far off and we did not know it until we saw the List." Bearing this in mind we again ask anyone who knows of somebody in the Services and not included in the List, to forward his name to the School.

Old Boys are enthusiastic about the wonderful job Canadians did at Dieppe and the outstanding value of lessons learned there, and, *mirabile dictu*, one letter says: "*The B.C.S. Magazine arrived the day of the Dieppe show . . . couldn't have timed its arrival better; it was read by everybody in the Mess, Old Boys and "dissenters" alike and passed on.*" Another Old Boy says: "*attended a dance at which the Royal Family were present . . . I danced with Her Majesty and found her more charming than anyone could believe.*"

The Norwegian Cross has been awarded to Captain Harry Boswell by King Haakon of Norway for gallantry.

The First Football Team are to be congratulated. They have gone through the season UNDEFEATED.

Hard work and devotion to the work in hand, in spite of unsettling events, has never failed to bring its reward. In the Editorial of the midsummer issue of the School Magazine the following passage appeared: "*A splendid and unequalled year's work lies behind and whatever the results may show the School has done its duty in work and sports . . . B.C.S. has frequently had the honour of heading the list of successful candidates in the McGill Matriculation in June. First in the Province has been the *ne plus ultra* of schoolboy ambition. This year the 3 first are B.C.S. boys. Add to that the fact that they are the only boys awarded First Class honours and you have the picture complete and an unbeaten record.*"

P/O WARREN A. HALE

("Warrie" or "Sugar" as he is known over there was in the Dieppe Raid).

Text of broadcast of May 4th, 1942, delivered over the B.B.C. after the 1 o'clock news.

(1) Introduction of speaker by announcer, then

(2) Text by Kark—(B.B.C. man, attached to R.A.F.)

(Note: This was the first time Leslie Kark had ever been up; he was very plucky—Warrie says he was also very air-sick.)

"One summer afternoon in 1942 I flew with a squadron of Bostons on a daylight attack on the docks at Cherbourg. Here is a rough log of impressions:

"2.25 P.M. The ground crew tuck us in, and in the noise of the engines, can do no more than wish us luck by the traditional thumbs up sign. It makes me feel better.

"2.30 P.M. We take off in formation. From my perch in the gunner's dome I can see all the Bostons racing along the ground. The sense of speed is immense, and I am pushed hard against the tail of the aircraft.

"2.40 P.M. Hedgehopping south. I am getting some astonishing noises through the

inter-comm. I suppose the others can understand what they're saying but it sounds like Jabberwocky language to me. I can hear (Warren Hale) the Canadian pilot laughing.

"3 P.M. Bumpy weather. It seems extravagantly hot in here. Is it nervousness, air-sickness, or just plain heat? We are doing well over 200 miles per hour, and I shouldn't have thought it could be hot at that speed.

"3.15 P.M. It is air-sickness. Blast! But remember, I say to myself, that a wing commander, D.F.C., told you that he is always air-sick when he's not driving the plane himself. (Johnny) the top-gunner looks at me. I grin wanly. Johnny holds up a piece of chewing gum, and asks through the inter-comm. if I'd like some. The Jabberwocky becomes intelligible. Warren butts in, and trying to be English, says—"Thanks awfully. I don't mind if I do." Johnny, trying to be Canadian, says—"Gee, Warren, why don't you fly yer derved Boston like I taught you?" I take the chewing gum and feel better.

"3.28 P.M. The fighters are joining us in wings. Very comfortable sight. I can see a foursome playing tennis down there. Oh, good shot, Clarabel! I wonder what the score will be when we get back. It's a glorious afternoon for it. Heigh ho, for the days of iced cold lemonade. There go the White Cliffs of somewhere or other. Hope to see you soon, White Cliffs.

"3.50 P.M. Quite suddenly it is intensely cold. I am not wearing gloves and left hand is numb. I am in the under-gunner's position, now looking out over a large hole. We have climbed to 12,000 ft. The sea looks completely stiff. I can see the waves clearly, but they are motionless, like a solid mass of uneven grease.

"3.55 P.M. French coast on the horizon. Physically, this is exhilarating, and I keep saying, 'Gosh, you old land lubber, you're not scared . . . yet'.

"4.00 P.M. We cross the coast at Pierre St. Eglise. Here comes the flak ! I try to see what jokes I can remember. The inter-comm. noises remind me of the man who asked for some 'kidleys'. 'You mean KIDNEYS, don't you ?' asked the butcher, or somebody. 'I SAID kidleys, diddle I,' said the man. Not very funny. The white flak bursts are higher and nearer and more frequent. (Goldie) the observer calls out, 'Don't worry, Leslie, until you can see the red inside the white'.

"4.3 P.M. I can see the red inside the white. But quite honestly I am not worried. The whole thing seems too efficient to worry. I feel for the handle of the parachute and touch the dingy.

"4.4 P.M. Bomb doors open on every Boston in the formation.

"4.5 P.M. Bombs gone. In my excitement I put my head as far out of the hole as I can reach, and watch them going down, down, down, down. The first bursts are in the dock water, but then I see the direction for which the stick is heading. White mushrooms of smoke suddenly spout on the dock side. Good.

"4.6 P.M. Flak is very intense. Black puffs as well as white. Violent evasive action. I can see Hun fighters coming up. Nevertheless I have a wonderful impression of immunity. A distressingly Godlike feeling that nothing can touch us. I should know better than this.

4.7 P.M. Hell—There goes a Boston. So much for the immunity theory. Quite slowly, but he's going down into the drink in a controlled dive. Johnny tells me who the pilot is. I know him. He pulled my leg about the raid in the briefing room and wished me luck. Well, good luck to you now ! The Spitfires are fussing about us more than ever. Some of them seem to be flying sideways, and others belly first.

"4.20 P.M. No sign of England yet. I wonder how long before we're out of the Hun fighter zone. Morse comes crackling in the earphones—and Warren sings: 'I walked beside ye', flat in three keys.

(Does anyone remember Warrie's interpretation of 5 different types of snores in 7 keys—"Crossing the Tracks"—... Ed.)

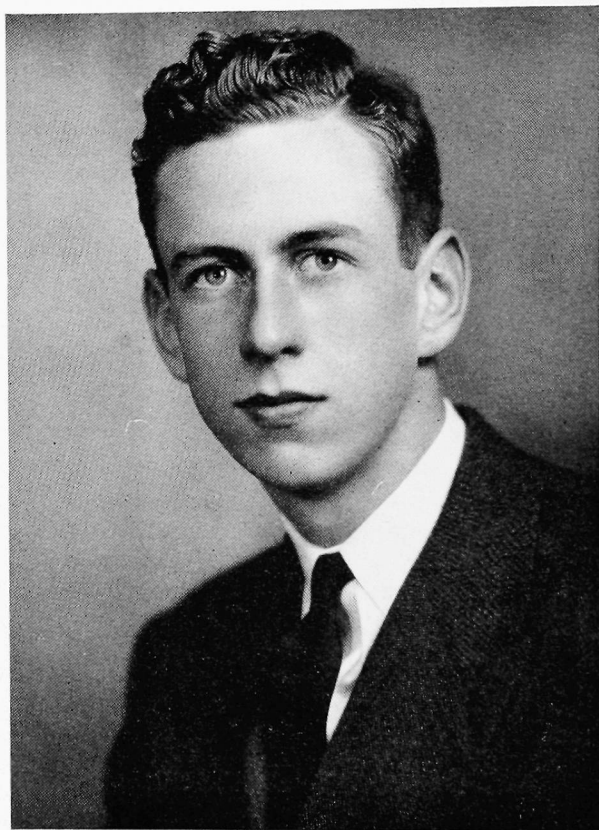

"4.29 P.M. England.

"4.39 P.M. We have come down a bit and it's warmer. I never felt better. I suppose it's the extra oxygen. The girls are still playing tennis.

"4.50 P.M. We're landing. I say 'Thank you, Warren', and Warren replies, 'No trouble at all'.

"The thing that sticks in my mind about this trip is the fast precision of it. The precise planning, the navigation, the precision of the rendez-vous with the fighters, the beautiful precision of target finding, and the swift precision with which you are lost, or live to bomb again.

We got back to base, and the group captain gave me the greeting which I've heard him give so often to freshmen on their first operation. 'Enjoy yourself ? Good ! I've phoned through to Headquarters to give them my usual report. 'Bostons of Bomber Command with fighter escort to-day attacked the docks at Cherbourg.' From now on every time I write or read that kind of thing, I shall think a shade more personally, and with a little more awe, of the men who do that job day in and day out—and sing on the way back !"

School Notes

We welcome to the School:

The Rev. Claude Sauerbrei, Mr. H. L. Christie and Mrs. Christie and Mr. W. F. Lowndes.

REV. CLAUDE SAUERBREI:

Mr. Sauerbrei was educated in England, Upper Canada College, the University of Toronto (B.A.), and the University of Bishop's College.

After a Theological course at Bishop's he went to England and served curacies at Halifax and in London. Returning to Canada in 1927 he taught Hebrew and theological subjects at Bishop's until 1935. Then he went to Burma and taught at the College of Holy Cross, Rangoon, until the summer of 1939. Returning to Canada, he has spent the last three years at post-graduate work in the University of Toronto (M.A. 1940), and acted as part time lecturer at Trinity College.

MR. H. L. CHRISTIE:

Mr. Christie won a scholarship to Acadia University from Margaret King High School and held it for four years and in the graduating class he obtained highest ranking for work of the senior year. While acting as laboratory instructor in the university zoology department he did post-graduate work in education. He also taught in Nova Scotia high schools before coming here.

MR. W. F. LOWNDES:

Mr. Lowndes graduated from Upper Canada College and Trinity College, University of Toronto, with the degree of B.A. He played football for Trinity and was a member of the gym. team for two years. He spent the summers surveying with the C.P.R. in western Canada during college vacations.

We hope their stay at B.C.S. will be a pleasant one.

Lt.-Col. A. Cecil H. Dean (1889-94), visited the School in June.

DEPARTURE

I've always wondered what it's like

To leave this School so dear.

I never knew how I could love

The place I knew a year.

Within these halls where honoured men,

Like all of us, have felt

The pangs of leaving B.C.S.

Her memory will be kept.

But now, to-day, I have to leave

For England's distant shore;

But even to my dying day,

I'll mind thee evermore.

Parade Ground.

"Where'er we tread, 'Tis haunted, holy ground."—Byron

On returning to the School the Corps was informed that they had won two Military Cups. They were The Strathcona Cup for Military Efficiency in Military District No. 4, and also the Strathcona Cup for Physical Training.

Sunday, November 8th. A Platoon marched in the Annual Remembrance Day parade. The squad consisted of 34 cadets. The Band also paraded in the event.

Monday, November 23rd, the Corps started a series of extra parades on field tactics. At the moment they are engaged in learning the fundamentals of section extentions.

This year the Corps has a strength of 67 Cadets and 27 recruits.

The Officers appointed on Saturday, September 26th are as follows:

SOME OF THE DEBATES

The Society held its first session on September the twelfth.

HAT NIGHT

The motion before the House on September 19th, was:

"That this Society is of the opinion that Air transportation will take the place of Water transportation."

The result was a draw and the chairman refrained from casting the deciding vote.

"That Germany be made to pay in full for the war that she has created," was the motion before the House on September 26th.

Speaking on the affirmative side were: Hallward, Satterthwaite, Butler, Janner, MacFarlane, and Graham.

On the negative side: Jarrett, Boyd, Sheppard, Wanklyn, Sifton, Hurst and Hooper.

For the motion..... 4

Against..... 10

The motion before the House on October the third was:

"That this Society is of the opinion that the Allies should open up a second front in Italy."

Jarrett opened for the affirmative and strongly advocated attacking Messina first and then severing the connection with Sicily in order to hamper Germany in getting supplies to Africa.

Hallward thought this impossible on the grounds that our lines of communication would be too long and because the German and Italian airfields are too near. He maintained that it would be necessary to take Libya first and then the whole of Africa before proceeding on such a course.

Sheppard spoke strongly and convincingly on the desirability of a second front, marshalling his facts on the assumption that Italy is the Axis nations' weakest point.

Butler: "Malta would be the natural concentration ground, and Malta is constantly bombarded, consequently it would be untenable; moreover, the Alps would render an attack from this side undesirable because connecting tunnels would all be blown up, thus safeguarding Germany" he contended and brought up points in favour of attacking via Norway or Denmark.

Sifton, speaking for the affirmative, considered Italy the best stepping off point, and was of the opinion that Germany could not spare the requisite number of troops to send there in order to successfully repel an invasion.

Wanklyn, in jocular mood, said the subjugation of Italy would be fruitless, although, perhaps, successful with a platoon or two.

Boyd was of the opinion that an attack on Italy would be made by way of Malta, and that such an attack was undesirable because of the excessive danger of concentrated bombing. Were Italy attacked, the Alps would be the utmost limit of penetration, he asserted and suggested Norway as a more favourable point from which to attack.

Janner: "Were a lightning blow administered to Italy and then held, success might be possible" he said, and queried: "would it be the easiest and most logical point?"

MacFarlane, speaking for the negative, promptly answered "no" to *Janner's* query, stating that Italy would be a hindrance to us as she is to the Germans, and claiming that the only possible advantage an attack on Italy might yield would be the drawing away of German troops from Russia.

Hooper considered the Mediterranean still too formidable to attempt an all-out attack from there and illustrated this formidableness by a description of the destruction to our last convoy. "Air power versus Sea power is the crux of the Mediterranean question to-day", he contended. (He was here interrupted by a heckler whom he appropriately silenced.)

The motion was put to the House and lost by 6 votes.

The motion before the House on Nov. 21st was:

"That this Society is of the opinion that Germany will be beaten before the Fall of 1943".
The result was a draw, and again the chairman did not exercise his prerogative.

Thanksgiving Day

The celebration was attended by a large concourse of parents and friends. Old Boys at the Universities were out West harvesting, consequently the yearly Old Boys' Football Match became a Prefects-Seniors vs. Head-Boys-Neutral Match.

After the game, parents, friends, guests and boys gathered in the Dining Hall where lunch was served to a full house.

After lunch all adjourned to the Assembly Hall where the Headmaster read his report and prizes were distributed.

On the platform were: Dr. A. H. McGreer, Principal and Vice-Chancellor of Bishop's University, who presented the prizes, Bishop Williams, Mr. Jackson Dodds, chairman, the Bishop of Quebec, Bishop Carrington, Mr. F. R. Pattison, headmaster, and Mr. W. A. Page, headmaster of the Preparatory School.

The following is Mr. Pattison's report:

For the past eighteen years, on this occasion, I have sat in this hall, and listened to the Headmaster delivering his annual report, but never before have I been in such complete sympathy with him. To-day, for the first time, I fully realize the magnitude of the task before him, to try to present to you, in the few minutes at his disposal, a true and accurate picture of a year's activities in a school, a society in which, above all others, so many small and insignificant things can be of so vast an importance.

The School has just passed through what proved to be a rather difficult year, due chiefly to the very unstable state of the staff. Scarcely a month after the opening of the Michaelmas term, Mr. Henry Holden of the Preparatory School staff left us to join the R.C.A.F. We were exceedingly fortunate in having Mrs. C. C. Love ready and willing to fill his shoes in a most capable manner. After the Christmas vacation, three more members of the staff left us to join one or other of the Armed Forces, Mr. Ganong of the Prep. School to the R.C.A.F. and Messrs. C. C. Love and C. L. O. Glass to the R.C.N.V.R. Again we were most fortunate in being able to fill these vacancies at once, the position in the Prep. School being taken by Mrs. E. Dennison and those in the upper by Dr. C. Roebuck and Mr. J. C. Farthing. This of course left only one man amongst the assistants in the Preparatory School, and I should like to take this opportunity of thanking Mr. A. Glauser for the magnificent way in which he carried on under this burden added to the already arduous tasks of a Prep. School master. At this point I think that our Headmaster, on looking carefully over his remaining staff, decided that the exodus to the armed forces had ended. He had, however, forgotten to consider himself, for much to our dismay, he was the next to go. In March, Lt.-Col. C. G. M. Grier accepted a position on the Canadian Army Staff at Washington. This was indeed a loss to the School. It would be useless for me to try to catalogue the many improvements, both concrete and abstract, that Mr. Grier has initiated during his tenure of office here. I should probably forget the greater part of them. Suffice it to say that they are so many and various, that in the last few years the words Bishop's College School and Grier have become almost synonymous.

The staff then remained static until the end of the year, and I should like to express my appreciation of the support and help which I received from them when I took over from Mr. Grier as Acting Headmaster. I should also like to thank the prefects for the excellent way in which they carried on, the Secretary-Treasurer, Miss Molony, whose profound knowledge of the internal economy of the School was of inestimable value to me, and Mr. Page, the Headmaster of the Preparatory School, whose support and advice proved invaluable.

In June we bade good-bye to Mrs. Love, Mrs. Dennison, Mr. Davis and the Rev. Sidney Childs, all of whom resigned, and to take their places this year we are happy to welcome the Rev. Claude Sauerbrei, Mr. H. Christie, Mr. W. F. Lowndes, and Mr. W. S. McMann. The School thus commences this year with complete staffs in both the Upper and the Preparatory.

The stories of last year's Rugby, Hockey and Cricket do not sound too cheerful. After very hard fought matches against Ashbury and Lower Canada College we managed to lose all three by narrow margins. Lower Canada won the Shirley Russel Cup for Rugby and the Ashbury Old Boys' Cup for Hockey. The hockey team, however, partly offset this by winning the Eastern Townships High School League without the loss of a game. After a very exciting end to our cricket game with Ashbury, we were beaten out by a score of 111 to 107. The Preparatory School games, however, were very much more successful. No inter-school hockey games were played, but in their soccer and cricket matches they were unbeaten throughout the season. The Track team did not compete in any interschool events, but at the sports day in June two new school records were set—20' 10'' in the broad jump by Jenkins and 5 min. 5 secs. for the one-mile by Robert Hampson.

Under Mr. Page's expert guidance last year, the choir at least came up to its usual standard of excellence, and probably surpassed it. On Sunday, April 19th, they occupied the stalls at St. Peter's Church, Sherbrooke, on Sunday, April 26th at Christ Church Cathedral, Ottawa, and on Sunday, May 10th, at St. George's Church, Lennoxville. About the service in Ottawa, the Ottawa Journal wrote in part, "Choir boys from Bishop's College School sang the eleven o'clock service at Christ Church Cathedral on Sunday morning. Wearing red cassocks, surplices and ruffs the choir of fifty made a notable contribution to the beauty and dignity of the service. The twenty-eight trebles were unusually effective in tone and range. The choir as a whole reflected the careful training received during the school year". The Rev. Canon Howard H. Clark, rector of the Cathedral wrote, "The visit of your boys was a most happy event, and the service was beautiful. The crowded Church (I don't think we have had so many there since the Memorial Service for King George Vth), showed the interest there was in the city." The choir, I think, owes more than it realizes to Miss M. B. Reyner, the matron of the Preparatory School. Without her untiring efforts on their behalf they would probably have sung just as well, but they would certainly not have presented the impressive appearance which they did when in Ottawa, Sherbrooke and Lennoxville.

You will probably have noticed in the north corner of the campus, a rather attractive looking wooden building which was not there last year at this time. If you have not examined its interior, I should advise you to do so before you leave. I think you will find it well worthwhile. This is a seniors' and neutrals' common room and has been

christened the "Chalet". Apart from the concrete foundation and the fireplace and chimney, it was built entirely by the school carpenter and the boys.

Throughout the whole of the year the average health of the School was excellent. We had no serious epidemics, although we narrowly averted a run of the mumps, when one case that we had, strangely enough, spread no further.

For the part they took in the war effort in its various forms, a great deal of credit is due to the boys, and more especially to the prefects. They relieved the labour shortage difficulty considerably by the work they did in the dining room as waiters, by the work on the grounds and by unloading coal. This year when they came back to school in September, they were all very disappointed to find that the year's supply of coal was already in.

The prefects started a salvage campaign on their own, and collected an amazing amount of valuable material. It was at times dangerous to leave a car unattended, as one was then liable to have to go down to the Lennoxville salvage department to reclaim his tires. In February the prefects took over from the Headmaster the sale of war savings stamps, and between then and June they sold almost \$400.00 worth of stamps in the school. They also collected for the last Red Cross campaign, about \$115.00, an average of a little over a dollar per head. Considering that the majority of this came out of from 40 to 75 cents per week pocket money, I think that the result was highly commendable.

For the seventh year in succession the No. 2 Bishop's College School Cadet Corps has been awarded the Strathcona Cup for Military Efficiency. The two cups on the table, each having been won three years in succession, are now the property of the School. The third cup, that for 1942, has not yet arrived. This year, in order to vary the monotony a little, the Cadet Corps also won the Senior Physical Training Trophy. I want to congratulate Lt. Fisher, the instructor, Cadet Corps Commander Ian Sewell, and all the members of the Corps on these awards, and to point out to the new members, the high standard of efficiency which is expected of them.

I have kept till near the end the outstanding achievement of the year, an achievement which I very much doubt has ever been equalled before in the School. I am referring of course to the Matriculation results. In the McGill Junior Matriculation Godfrey Howard placed first in the province with an average mark of 86%, D. W. McLimont placed second with an average mark of 85%, and R. N. Cockfield placed third with an average mark of 84.4%. This year McGill University did not publish the marks in order of merit as previously. Instead, the names were published in alphabetical order in three classes; first class being all with 80% or better, second class, 70% to 80%, and third class 60% to 70%. The three names which I have read out were the only names listed in the first class. J. B. Holley, with 79.5%, in the second class, must have been very close to fourth in the province. During the summer, we learned that Godfrey Howard had added further to these laurels by placing first in the entrance examination for the Annapolis Naval Academy. We were very sorry, and he was most disappointed, to learn that he had failed the physical examination on account of his eyesight. R. N. Cockfield and D. W. McLimont were both awarded scholarships by McGill University, Cockfield, a University Entrance Scholarship, which gives him the title and status of a "Scholar of the University", and McLimont a Beatty Scholarship in Mathematics. This is the third year in succession that this mathematics scholarship has been won by a boy from this School.

While speaking of these outstanding results, I think that the records of two old boys, the two previous winners of the Greenshields Scholarship, now at McGill University, will bear inclusion in this report. Dennis Stairs, in his second year, out of twelve papers, obtained ten first classes and two second classes, with an average mark of 87.4%, and David Wanklyn, in his first year, out of seven papers, obtained seven first classes, with an average mark of 85%.

Let us leave these members of the intellectual aristocracy for a moment, and consider the results of the more common herd. Twenty-four boys from the regular matriculation class, the VIth form, and eleven boys from Matriculation Remove, wrote the complete examination. Of these 22 from the VIth and 7 from M.R. gained admittance to a University. Two boys from the seventh form wrote the Senior Matriculation and both of them were admitted to 2nd year McGill, one of them obtaining his certificate with an average mark of 76.6%. The third member of the seventh left the School before the examination, in order to take about one week's holiday before entering the summer session at Washington and Lee University.

There are several other things about which I could speak, and about which I should like to speak, would time and your patience permit; the excellent work being done in the Preparatory School, the activities of the various clubs, debating, dramatics, French, photography, carpentry, and science, the duties of new boys as Cadet Corps Officers' batmen, music and concerts, the three School houses and their Housemasters, the School Magazine and its editor and staff and countless other subjects, which go along hand in hand to make up the complex machinery of a boarding school such as this. Instead, I will close by again expressing my gratitude and appreciation to all of those, directors, staff, prefects and boys who have done all in their power to make my task as Acting Headmaster as easy and pleasant as possible.

HONOUR PRIZES FOR SPECIAL DISTINCTION—

- I. L. SEWELL: He was a Prefect, Captain of the football team, a sterling defence man on the hockey team, and Commander of the Cadet Corps. This prize is awarded for the amount of manual labour which he has done round the School, always, when in charge of a work squad, being himself the first to take off his coat and the last to put it on again.
- P. D. GRAHAM: This prize is awarded for superb broken field running in a junior football match against another school team. In the match in question he scored four touchdowns by carrying the ball over the opposing goal line from various distances, the shortest of which was about fifty yards and the longest about eighty yards.
- R. B. WHITE: All along he has shown unfailing good nature, and enthusiasm in sports and other activities. This prize is awarded for his excellent work as a treble in the choir.

TO THE OLD SCHOOL

(From an Old Boy)

I have spent happy years within your walls,
 A carefree student with the stamp of youth,
 And there I've found the miracle of Truth,
 That stays eternal though our future falls.
 Amid this life, that never on me palls,
 I've learned a lesson which to-day, in sooth,
 Upholds me in the midst of things uncouth,
 And brings my mind again to these old halls.
 And now, this is the end to youthful joys,
 The end to all the pleasure I have known,
 The pleasure that appeals to all those boys,
 Whose life, like mine, exists and then is flown.
 For me, it's bombs and shells and shattering noise
 And memories of precepts you have sown.

The Players' Club

Directors G. H. MOFFAT, Esq., and R. L. EVANS, Esq.

President . . M. I. HORNIMAN *Business Manager* . . S. DODDS

Secretary-Treasurer . D. PHELPS *Stage Manager* . D. N. STOKER

What happens when three girls of various suitable ages invade a boys' school is the story upon which this year's offering is based. Ian Hay wrote it under the title of "Housemaster". Maybe you've heard of it.

The star of last year's "Phipps", Horniman, is given a real break as Donkin, the housemaster himself. He is supported by an able cast, headed by Wallace, Smith and Stevenson.

But we have yet to mention the two most important members of the production. They are the co-directors, Mr. Moffat and Mr. Evans. These two have worked tirelessly and unceasingly until what was originally a clumsy school-boy farce has turned into an almost professional comedy. The Club also wishes to thank Miss Speid for her invaluable aid and advice.

You will probably be wondering when you will be seeing this. Well, owing to the fact that this is the first full-length play that we have presented in a number of years, we do not wish to hurry the date of production, which will probably be shortly after the start of the Lent term.

L. DE R.

Science Club

The first meeting of the Science Club, which is now in its third year of successful operation, was held on September 12th. Officers for the year were elected and plans were submitted by all the members for a programme to be put into effect.

We are most fortunate this year to have as our instructors Mr. Christie and Mr. Lowndes, who, in their respective fields of Chemistry and Physics, gave lectures on their subjects which were exceedingly helpful.

Since the weekly exams on Saturday night the number of persons attending has been reduced and more individual work has been done which, in the long run, is more beneficial to each member, who has done far more work than he would otherwise do if he were in a group.

In conclusion I am sure all members are looking forward to next term's meetings.

F. F. F.

The Camera Club

This term the Camera Club numbered 16 members. Under the supervision of Mr. Sauerbrei many fine pictures have been developed, including numerous football shots.

Just at present Mr. Sauerbrei is offering a prize for the best print or enlargement made by a member. So good luck to you who are entering, and a Merry Christmas to all.

DOUGLAS SHEPPARD WINS B. C. S. HONOURS

RECEIVES SMITH CUP AND FORTUNE MEDAL, GRANT AND McA'NULTY CUPS

TRACK MEET IS HELD

R. PITFIELD GETS RICHARDSON CUP—R.M.C. CUP GOES TO W. PRICE—
CHALLENGE CUP TO S. DAY

(Special to The Gazette)

Sherbrooke, June 11—The annual closing of Bishop's College School was held here today, with the annual athletic competitions taking place in the morning, and the distribution of prizes shortly after noon, followed by a luncheon for the pupils, parents and friends.

F. R. Pattison, headmaster, presented the various winners of the morning's athletic contests, and others who took prizes for proficiency in sports and other school activities received their awards from Sir Wylie Grier.

Jackson Dodds, of Montreal, a member of the B.C.S. Board, spoke briefly prior to the distribution of prizes, congratulating the various winners and paying tribute to the School for the fine type of boys who graduate each year, expressing the opinion that they have the character and ability needed to face the present troubled situation. Mr. Dodds also congratulated the boys upon the fine sportsmanship always displayed by Bishop's College School athletic teams.

Douglas Sheppard received the Smith Cup and Fortune Medal for the all-around senior championship of the School, the Grant Cup for the School boxing championship and the McA'Nulty Cup for fine cadet work. The Richardson Cup for the all-around championship of the Preparatory School went to R. Pitfield, the R.M.C. Cup for the junior all-around championship to W. Price, and the Challenge Cup for the all-around intermediate championship to S. Day.

SCHOOL THOUGHTS FROM THE SOUTH (with apologies)

Oh, to be in Lennoxville
 Now that autumn's there.
 And whoever wakes in Lennoxville
 Sees, some morning, unaware,
 That the falling leaves are tinged with frost
 Like lace-work filigree embossed;
 While the last bell rings with its jangling row
 In the old School now.

And after this month, in December,
 When the prefects sit and still remember
 The day they beat the pants off—Let me see !
 And that this year no other School beat them;
 While new boys whisper—not so silently—
 Of home—that brightly glittering gem,
 That dream amid the dreary hours of prep,
 That seems as if it only were a step.
 And though 'tis cold across the playing field,
 The School will soon in winter's grasp be sealed—
 The hockey-stick, the flashing skate, the ski—
 Far lovelier than this summer warmth to me.

ANON (V-A)

Chapman's

November 4th will always be a date worthy of note in the history of the School, for not only did we beat Stanstead on our own grounds, but also to Mr. and Mrs. Moffatt was born a daughter—Barbara Ann.

The House had not been idle up to that point. At the start of the term, the boys in the house were all from the Fifth Form, with Lemieux as Prefect and Dodds and Christie as Headboys. Later during the term George Huggett was made a Prefect and was sent to us in place of Lemieux, now football captain.

This year in football, the House was represented on First team by Lemieux, with Huggett, Christie and McBoyle as subs; on Second team by Dodds, Hodgson and Satterthwaite I. Also the captains of the Under Sixteen and Fifth teams, Wallace and Loggie, are members of Chapman's House.

In Cadet Corps, Dodds is Lieutenant of No. 1 Platoon; Lemieux, who has left us, is Company Sergeant-Major; Huggett, sergeant of No. 2 Platoon; while Christie and McBoyle are Lance-Corporals of Nos. 1 and 3 Platoons respectively.

All the boys in the House wish Mr. and Mrs. Moffatt, and you, a Merry Christmas, and a Happy and Victorious New Year.

S. D.

Williams'

Aird, Brown, Cadenhead, and Preston, four old "D" dormers back for their second year at B.C.S. Oh yes, we mustn't forget our Head Boy and Prefect, Hampson and Morkill.

Robert Hampson (Bob) played an excellent game of football on our First team until he unfortunately broke his wrist at the Stanstead game and was put out for the rest of the season. To make up for this he won the Senior cross-country.

Frankie Morkill (Dork) played hard and got his First team colours. Frankie was moved up to the School and we are now hoping that Santa will send us another Prefect for Christmas.

Peter Aird (Pete) showing a vast improvement on the line in football season, made First team and got his colours, which he wears proudly on all possible occasions. Somehow getting promoted to the rank of Head Boy, Pete was moved up to the School House where he is now in charge of "E" dorm.

Cortland Brown (Corky) goes into Lennoxville on Wednesdays and Saturdays but not to "Herbs" as one would suppose. He was one of the first to discover that the pay phone works for Sherbrooke on a copper (which incidentally is returned).

Ted Cadenhead (Bloge) still uses the Camera Club (of which he is a member) for other things besides making pictures. Ted made a try for First crease but didn't quite make it, although he played for Second team at the L.C.C. game in Montreal.

Here's Ross Preston who played a good season of football trying hard for First crease. He played in the L.C.C. game at Montreal, where he did a good job on the line.

The House together wishes Mr. and Mrs. Patriquin a very Merry Christmas and a Happy New Year.

 PITFIELD: His bark is worse than his bite.
 PRESTON: Every man has his weakness and honesty is his.
 STERN I: The French are wiser than they seem.

VI ARTS

Across the seas of knowledge towards matric we're plodding,
 Twelve dumb dreamers in a very static state.
 It's hard to prop your eyelids up, to keep your head from nodding,
 Especially if it's Latin which is keeping you so late.
 For our brains are growing mellow
 Very rich and ripe and mellow,
 From this pouring in of knowledge, which we know can scarcely wait.

I wonder what they're thinking of, these great men of learning,
 As the afternoon is slowly dragging to its close.
 Does Sifton's studious attitude disclose a mind that's burning
 With desire for knowledge, or is it just a studied pose?
 To hide those hidden memories
 Those must-be-hidden memories,
 Those memories more pungent than this boring English prose.

I expect George is drawing-er-soldiers of the Franco-Prussian War,
 And "Admiral" Jarrett's counting pom-poms or dishcloths on the "Howe"
 And Whitehead's drawing a diagram to find out what floors are for,
 While Doug Taylor plays with anything that will make a row.

They're very easy to amuse

Extremely easy to amuse,

As easy as children to amuse if you know just how.

Lorimer seems, beneath his desk, to be engaged in reading,
 While Frankie has forgotten that he has to ring the bell.

Shep. spends a very restful hour in surreptitious feeding,
 While Wanklyn finds he hasn't done his English very well.

They all find plenty to engage them

A surplus plenty to engage them

More than plenty to engage them as their studious interest fell.

Rothschild's busily engaged in magazine accounting
 While our great librarian Hooper writes out an index card,
 Like all the rest their inattention keeps on mounting
 Which is why indeed I thought it to be very, very hard

That while all the others knew the page

Everyone of them knew the page

The only one who didn't was your unamusing bard.

M. I. H.

Fifth Form Notes

If ever you'll enter the room of Five Arts
 You'll laugh at the sights you'll see,
 For there's sure to be Moffat working so hard
 That Flintoft would like to be he.

"Oh what a School," you'll hear Boright complain
 As Price slings a book at his head,
 And Hodgson can't help giving forth a wide grin
 As Boright hits Loggie instead.

"Hey, where is my book?" yells Tony Dobell
 But Hancock is thinking of girls,
 And Graham is reading his fond "Nassau Rag,"
 While Stevenson's combing his curls.

And Wallace is yelling with all of his might
 "Oh Struthers, Oh Smith, do you see?"
 I'm thinking of Compton, and Stern over there
 Is wishing all France would be free !

There's Janner and Taylor who're sweating like fiends,
 To finish this poem in time,
 But up comes the Editor—"Hand it in now"
 So at last they've finished their rhyme.

V-SCIENCE FORM NOTES

- BEST Don played for Under Sixteen and hails from the U.S. He is a hard worker and has a very keen interest in military statistics.
- DARLING Ken was unable to play football this year, but will make up for it in the hockey season. He is a good worker and likes dancing.
- GRAVES Costy is a new boy this year, from Nova Scotia. He played for Under Sixteen rugby team. He is a good worker and liked by all.
- MACKAY Jamie played on Second team this year. He found a new prospective in Sherbrooke, but something happened ! He will probably ski this winter.
- MACKENZIE Mack played on Under Sixteen team rugby this past term. He is a good worker and is a keen collector of popular dance records.
- MAXWELL Wheez is a prominent member of the Aeroplane Club, and will probably ski this winter. Wherever there are aeroplanes there you will find him.
- MCBOYLE Curly played on Second team rugby. He is a lance-corporal in the Cadet Corps and has good chances for First team hockey.
- PHELPS Dave is in the Choir, likes dancing and is a good worker. He will be on First ski team this winter.
- REID Ron is president of the Aeroplane Club. He takes keen interest in motor cycles and will probably ski next term.
- REYNOLDS Ken was put out of all sports this past term, because of an accident. He works hard in class and if better next term he will probably take skiing.
- SATTERTHWAITE Pete played for Second team this last term. Does well in classes and is trying his hardest for First hockey team. We all hope he makes it.
- STOKER Des is in the Choir and is especially well known at Compton. He is trying for goaler's position in hockey this winter. We wish him all the luck.
- SUTHERLAND Don is a new boy this year. He played as sub for the Under Sixteen football team. He plays the mouth organ very well and will probably try out for Midgets this coming term. Good luck, Don.
- TYLER Johnny played for First team football this past year. Because he made First team he has been made a Neutral. He will probably take up skiing this coming term.

Three=A Form Notes

- BENNET Vic came to the Upper this year after spending three years in the Prep.
- BYLES Biles arrived this year from the Prep. where he spent three years after coming from England.

- CLEVELAND "Skeezix" arrived at the beginning of the year from L.C.C. He made the Under Sixteen rugby team.
- FORD "Jock" came from the Prep. this year to make the Fifth team rugby.
- PESTALOZZI "Pesti" came here this year from the States. Being Swiss he stars in French.
- PORTER "Tupper" came here this year from L.C.C. He was a sub. on the Fifth team.
- PITFIELD II "Pitt" came up from the Prep. at the end of last year and came to this form. He made the Fifth team.
- PRICE II "Hart" arrived from Quebec at the beginning of the school year. He made Fifth rugby team.
- SKELTON "Jeff" came to this form from Sherbrooke. He was an excellent player on Fifth team.
- SWEENEY "Duff" arrived from Lunenburg, N.S. this year to be a sub. on the Fifth team.
- WALLS Lorne is another new boy this year. He joined the band and is property man in the Player's Club.
- WILLIAMS Jim, after four years in the Prep. came here. At present he is busy building an aeroplane.
- SYLMER David arrived here fairly late in the term. His hobby seems to be fighting.

Three-B Form Notes

EMPEY: Gordon came up from the Prep. School just after the beginning of the year. He is a hard worker and takes great interest in the keeping of guinea-pigs.

FISHER: Pete is the only Neutral in the Form. He takes great interest in the making of aeroplanes and is in the aeroplane club.

HOWARD: Bob hails from Newfoundland. He is a keen worker, but has not taken any French or Latin. However, we are sure he will catch up quickly.

MC CREERY: Mac comes from Drummondville. He likes making aeroplanes and is quite air-minded.

MOFFAT: Mutt came up from the Prep. at the beginning of the year. He is a useful member of the Player's Club.

PAGE: Pop also came up from the Prep. He is a keen worker, and is very interested in science.

SCHOLES: Billy works hard and comes from England. He takes an interest in boxing.

WINDER: Jack is a native of Lennoxville. He, too, is interested in aeroplane making. He made Fifth team.

WINKWORTH: Winky came up from the Prep. at the beginning of the year. He is a prominent member of the Player's Club.

CROSS-COUNTRY

Fine, Indian-summer weather greeted the eleven Seniors and twenty-eight Juniors who started the course on November 18th. The footing, however, was mushy, and partially offset the advantage of a mild day.

Hampson set a fast pace in the Senior, and was trailed closely by Alan Finley, last year's record setter in the Junior C.C., but failed by a second to equal Rowe's 1941 mark.

Tony Dobell led a very fast field of Juniors, and clipped 5 min. and 14 secs. from the time established by Finley a year ago. Ten others also broke the year-old record for the new course.

There were two very close finishes in the junior race, Cleveland nosing out Butler by an inch for third place, and, further down the line, Bennett and Winkworth ran a dead heat.

All starters finished, with the Seniors in this order: Hampson (29 mins., 9 secs.) Finley, Macfarlane, Whitehead, Huggett, Sifton, Davis, Horniman, Morkill, Christie, Aird.

The Juniors who passed last year's record were: Dobell (22 mins. 31 secs.), Moffat I, Cleveland, Butler, Neill, Skelton, Cavendish, Moffat II, Evans, II, Stern II, Struthers, Ford, Sweeny.

FOOTBALL

Rugby, 1942

Yes, it was a good season, a very good season. An Old Boy, vintage of 1942, wrote in midseason, "I'm glad to hear that first team is doing so well; they don't appear very strong, on paper." He was right; on paper, they were mediocre, but games aren't played on forms or charts, and under actual firing, the 1942 edition was the type of team we like to see, and to remember.

Why? There were numerous reasons, and some of them follow. Firstly, it was a team which played as a unit, was not overconfident, and scrupulously avoided all semblance of dirty play.

Moreover, it was a "hungry" team, hungry for places on the lineup, hungry for victory. Eighteen players on the crease were worth places; several more were probably nearly good enough. There was none of the Old Colours complex which has been too evident for a few seasons. When injuries—luckily, very few this year—befell, capable subs filled in more than acceptably. For example, a top-flight lineman was injured in the first Stanstead game; two others, in turn, plugged that spot solidly. A half-back was hurt at L.C.C.; a second-stringer went into the backfield in the next game, and we scored more points against Stanstead than we have scored since the great team of 1931 rolled up huge counts against the Wesleyans.

The backfield played this year behind a thoroughly co-operative line. Both the backs and the linemen learned their jobs and did them in harmony. It was a relief not to see husky linemen quarterbacking the team, yet leaving great, gaping holes as they charged blindly ahead, intent upon wrecking the opposite line, but, like Mother Hubbard, finding nobody there as often as not, since the defensive middles were frequently in behind them, nailing a B.C.S. play for a loss.

It was also a joy to see linemen use their bodies and shoulders to block, and to use their knees only as adjuncts to locomotion—not to commit mayhem. We salute the 1942 squad as one which had not a dirty-play penalty called against them, not a single warning.

BISHOP'S COLLEGE SCHOOL 1ST TEAM FOOTBALL 1942

Front row:—D. G. LORIMER, T. A. EVANS, A. L. LEMIEUX (Capt.), H. D. SHEPPARD, A. H. FINLEY

Middle row:—R. P. BLINCO, Esq. (Coach), J. R. PECK, F. W. MORKILL, J. A. TYLER, J. W. SIFTON, W. F. LOWNDES, Esq. (Asst. Coach),
F. R. PATTISON, Esq. (Headmaster)

Back row:—W. C. PITFIELD, P. J. AIRD, J. W. PRICE (G. G. HURST, absent)

And, in the event that the reader may think that they may have been cream-puff athletes, we cite the case of six opposing men laid low in one game by hard, but clean, Bishop's tackles.

If the team had a serious weakness, it was a lack of confidence which showed itself immediately the opening whistle blew. Two periods later, they really rolled, and were invariably better at the finish than at the start.

A tendency to fumble gradually diminished, though never quite disappeared, as the season progressed.

Tactically, they were handled well, and again, their generalship improved with each game. The single point win over L.C.C. proves that, and we were indeed lucky to have three capable booters to register minor points.

A radically different system of P.T., featuring rhythmic, deceptively easy-looking bends, twists and squats, put the team in condition seldom achieved by the "four times around the field" technique. Assistant Coach "Bill" Lowndes' innovations were most effective, and we trust that they're here to stay.

As for the coaching, well, we're generally blessed at B.C.S. with good 'uns, and this year's pair produced results. Those who saw, some years ago, "Joe I" lead the School and the College to smashing victories, were thrilled to hear of his return, and we trust that his latest term at B.C.S. was as happy for him as for the rest of us. Joe must have forgotten more rugby than we ever knew, but he recalled much of it, combined it with that which he couldn't forget, and taught it with a patience, an understanding of schoolboy problems and a gentlemanliness excelled by none. Mr. Lowndes carried on when Mr. Blinco was unable to be here, and together they drilled the line till they blocked, tackled and "took out" with precision and snap.

Altogether, the 1942 team dispelled some distressing illusions. Yes, Stanstead can be beaten, we can win without super-stars, and, most important of all, hard, fast, but perfectly clean football can produce a record of accomplishment to make all and sundry shout "Jer-hee ! Jer-haw !" for B.C.S. with justifiable pride.

BISHOP'S DOWNS SHERBROOKE 7-1

Bishop's went to Sherbrooke to play their first game of the year. The team showed great promise and after a tough struggle they turned out on the long end of a 7-1 score, against their rivals S.H.S. The line bucking on both teams was good with good blocking by B.C.S. After Evans, Lemieux, Sheppard had carried the ball down the field on bucks, Finley went over the centre to score. Price added the convert from a placement to give B.C.S. a 6-0 lead at the end of the first half. The second half showed some good rugby and Sherbrooke carried the ball to B.C.S.'s five yard line when Bishop's tightened up. They blocked a kick and from there went to score with Lorimer kicking one for a rouge. Sherbrooke's score came late in the third quarter. Campbell booted one which Lorimer caught behind our line.

B.C.S. vs. S.W.C. Tied 9-9

In the first game of a home and home series between B.C.S. and S.W.C. the score throughout was close. The game was played at Stanstead and both teams tried their utmost to win.

Bishop's kicked off and after a few minutes of play Stanstead found themselves on Bishop's twenty yard line with a last down. From there Poapst scored from placement to give his team a 3 to 0 lead. In the second quarter Bishop's fought hard and after some lovely bucking by their halves, Lorimer booted one for a point. Again Bishop's got possession of the ball and Sheppard went to score on an extension play. The convert

failed. The only other score came when Price kicked one to the deadline. Thus the half ended 7 to 3 in Bishop's favor.

The second half started fast and from the kick-off S.W.C. bucked down the field to score. Chaddock crossed the line on a buck. Poapst got the convert from a placement. This made Bishop's tighten up and after a march down the field Lorimer again booted one for a point. The third quarter ended 9 to 8 in S.W.C.'s favour. The fourth quarter showed Bishop's trying desperately to score and it was not until two minutes before the end of the game that the point came when Price on an attempted field goal knocked the ball to the deadline. Thus the game ended with the score 9 all.

B.C.S. vs. ASHBURY COLLEGE

On October 31st, B.C.S. went to Montreal where they met their old rivals Ashbury College in a hard fought rugby match.

In the first half both teams showed strength in both bucking and tackling and at the end of it the score was tied 6-6. Lemieux scored for Bishop's in the first quarter after great bucking by Sheppard. The convert failed. In the second quarter, Ashbury scored after two forwards had been completed, the latter for the touch. The convert was good which gave them the lead. It, however, was short lived, when Lorimer booted a long one for the point which tied the score in the final minutes of the second quarter.

When the second half started, Bishop's really began to roll. They recovered their kick-off and from this, Sheppard scored, after running for thirty yards. The convert was

FOURTH TEAM 1942

Front row:—R. J. FORD, W. E. SATTERTHWAITE, R. D. P. LOGGIE (captain), H. L. EVANS, A. S. FRASER
Middle row:—H. L. PRICE, T. H. MCCALL, R. H. PITFIELD, J. W. WINDER, A. D. BUTLER, E. S. CANEVISH

good on a Sheppard to Lemieux pass. In the third quarter, after a few minutes of play, Price intercepted and Ashbury lateralled and ran it to Ashbury's thirty yard line where he gave it to Lemieux, who went on to score. Price got the convert on a placement. Shortly afterwards Lemieux recovered Sheppard's on-side-kick and went over again to score. The convert failed. In the closing minutes Bishop's went on an aerial attack, but failed to score. The other point was by Sheppard on an attempted field goal.

Thus ended the game, 25-6.

B.C.S. vs. L.C.C. WON 1-0

B.C.S. remained undefeated when they beat L.C.C. 1-0, on October the 14th. It was a most even game and both teams were trying their utmost to reach the opposing touch line.

In the first quarter L.C.C. started advancing and got quite close to B.C.S.'s touch line before Bishop's recovered an L.C.C. fumble and started off. It was fumbles like this which cost the game for L.C.C.

The second quarter opened with Bishop's pushing L.C.C. back to their fifteen yard line. From a difficult angle Price attempted a field goal which, though missing the posts, was good for a rouge, and the only score of the game.

The remaining half of the game was evenly contested and Bishop's and L.C.C. were both constantly in danger. Bishop's was saved many times by the ends, Price and Tyler, recovering L.C.C. fumbles.

The highlights of the game were Bob Smith's bucking for L.C.C. and the spirit and co-operation of B.C.S. For winning this game Bishop's was awarded the Shirley Russel Cup.

B.C.S. vs. STANSTEAD. WON 24-12

Stanstead opened up the scoring early in the first quarter on a pass caught by Perkins. Poapst kicked a placement for the convert. This was followed up by a B.C.S. tally scored by Lemieux on a buck. Price completed the play with a placement kick which tied the score to 6-6. The remaining portion of this half was in Bishop's favour and they chalked up another seven points. The first came when Lorimer kicked the ball behind Stanstead's line and Tyler went in for the tackle, thus giving B.C.S. two points. Shortly after this Hurst majored on a line plunge, but Price's attempt at a convert failed. This put B.C.S. in the lead 13-6 at half time.

Bishop's came back strong in the second half and after a few minutes of play Lemieux scored once again on an end-run, and Price kicked the convert. Near the end of the third quarter Stanstead tried desperately for a touch and Chaddock majored on a long run. The convert by Poapst was successful. Both teams tightened up and it was not until the final minutes of the game that Bishop's were able to score again on a quarter-back sneak by Finley. The convert was incompleted and Bishop's came out on top with a score of 24 to 12.

B.C.S. vs. SHERBROOKE. WON 18-1.

B.C.S. finished the season undefeated by beating Sherbrooke High 18-1.

Bishop's kicked off and held Sherbrooke to hardly any gain. Then B.C.S. received the ball and marched to the goal line on bucks by Hurst, Sheppard and Lemieux. Sheppard then went over the line on a buck. Price got the convert with a placement kick.

In the second quarter we were driven back by Sherbrooke's kicking and bucking and Sherbrooke scored a rouge. After this Bishop's recovered and held.

In the third quarter Bishop's again gained on bucks and Sheppard went over the line again. On the convert Sheppard threw a pass to Lemieux over the line. No one was around Lemieux because the play deceived most of the Sherbrooke players.

In the fourth quarter Sheppard again scored and the same play was successful for the convert.

SECOND CREASE FOOTBALL

Second Crease got under way to the accompaniment of much groaning through the first week of conditioning exercises, but soon settled down to a steady regimen of tackling practice and playing. The crease was first divided into two equally matched teams quartered by Smith and Wallace and several close games were played. Later, after games had been arranged with Sherbrooke High School's second team and with Lennoxville High School, the under sixteen players formed the nucleus of the "Third Team" which represented the crease and to them were added some over sixteen players

and on two occasions several members of Third Crease. Wallace was elected captain of the Third team. During this period opposition was furnished by a combination of Third team subs. and the "Ancients."

Several members of the Second Crease, Sewell, Dobell, and Hallward moved up to First Crease during the season and two of its members, Cadenhead and Preston, made the trip to Montreal with the Second team. Although injuries were few during the season, the Third team lost the services of Graham after only one game and of Mackenzie who developed a bad knee, while Reynolds of the "Ancients" also suffered a leg injury which kept him out during the latter part of the season. For the Third team Stevenson snapped while Smith received the ball at quarter. Hancock and Taylor I were insides, Cleveland and Levitt (who also did the kicking) middles, Johnson and Struthers outsides. The backs were Wallace, Foss, Janner, Mackenzie and Graham with Sutherland filling in after the latters' injuries removed them from the crease. As subs. Best, Whitehead, Taylor II, Graves and Rothschild did useful work.

On October 21 a game was played in Sherbrooke against S.H.S. It was very close and the issue in doubt until the end. B.C.S. led at half-time as the result of a touchdown by Cleveland who ran twenty-five yards from a scrimmage play, a convert by Mackenzie and a rouge. The first half was marked by good football on both sides with hard tackling and no fumbles. In the second half, however, B.C.S. made several costly fumbles and Sherbrooke emerged as the winner by the score of 11-9.

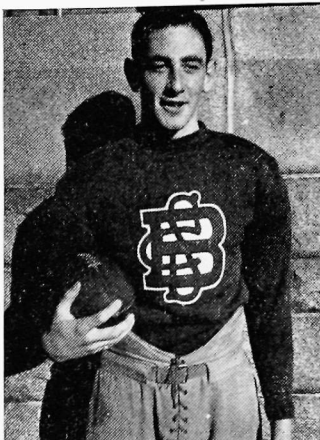

On October 31 Lennoxville High School played at the School and were decisively beaten by the score of 30-6. In the game long runs were made by Janner, Wallace and Hancock, made possible by the excellent work of the line in opening holes and providing interference. Janner scored four touchdowns and Smith one. Four of the tries were converted, two by drop kicks from Smith and two on placements by Hancock. A rouge was added by Levitt. In the game Lennoxville made very effective use of forward passes and were only prevented from scoring on two occasions by the last-man tackling of Janner.

On November 5 L.H.S. again came to B.C.S. and were defeated by the score of 22-11. Lennoxville again showed their skill at forward passing and fully deserved the closer score. Four touchdowns were made by B.C.S., two by Wallace, one by Hancock after a fifty yard run and one by Sutherland.

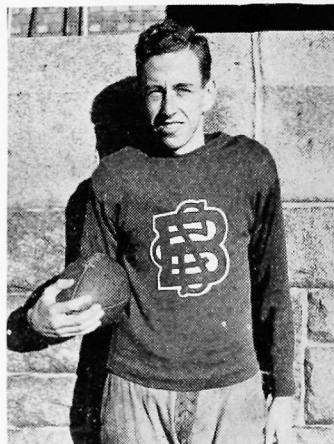

On November 7 B.C.S. had their revenge on Sherbrooke by winning a hard fought game, 8-5. The B.C.S. score was the result of a forward pass thrown by Smith to Sutherland who caught the ball while running at full speed and kept on for thirty yards to cross the goal line. The try was converted by Hancock, and Levitt added two rouges. In the first half of the game play was about equal, but in the second half B.C.S. kept the ball in Sherbrooke's end and several times were held back on Sherbrooke's one-yard line. The team as a whole played excellently in this game, but the running and tackling of Sutherland and the tackling of Foss were outstanding.

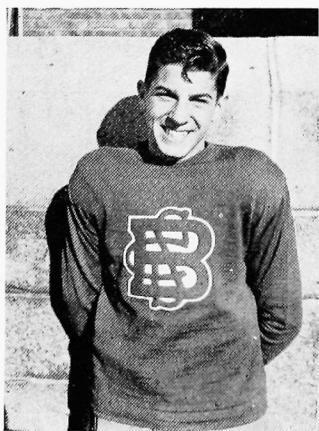

Lemieux: Captain and Half-back. Lou's third year on the team was his best. He was a sure tackler on the secondary, threw passes accurately, and was, in general, a well-rounded type of player. Congratulations on a very successful season !

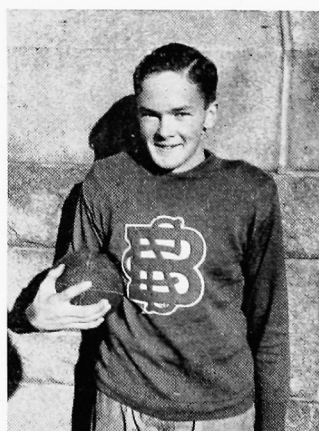

Sheppard: Half-back. Likewise a third year man, he used a fine pair of hands as catching half, nimble feet in extension runs, and could fill in effectively as a kicker. His experience made him a steadying influence in the back-field, which was recognized by his captain in the award of the Cleghorn Cup.

Evans: Half-back. Second year on the team. He plunged well, and was a deadly tackler on the secondary defence, working well with Lemieux. His old bogey, injuries, hit him again in the Ashbury game, but not until he had turned in a most useful season's play.

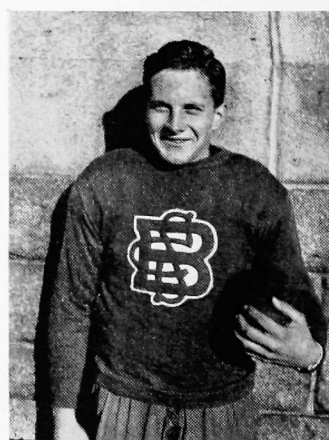

Price: End. Bill's sure hands made him an excellent pass-receiver, while his down-field tackling was outstanding. As a placement kicker, he had few peers.

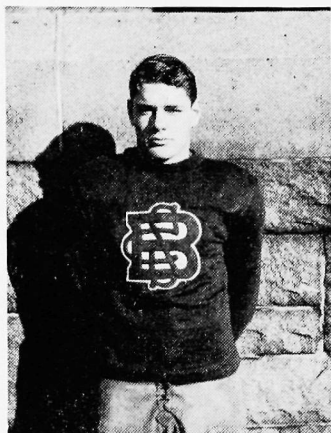

Finley: Quarterback. His game improved steadily, and was, on the whole, much sounder than last year—experience gave him confidence. His judgment in taking singles was shrewd, especially as the season developed. He could be counted on to make those extra yards, too, on a "Q.S." when necessary,

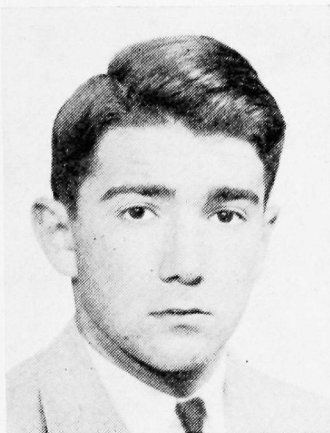

Alan H. Finley.

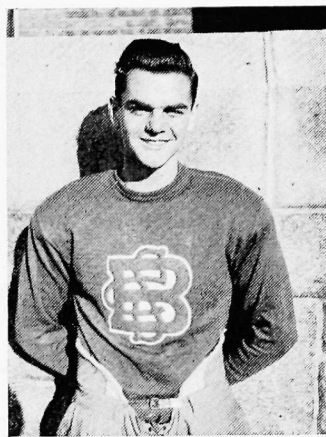

Lorimer: Half-back. In his first year as a regular, Lorimer gave a much improved display of catching, kicking and carrying the ball. His punts were consistent and long, and he got the team out of many a tight place.

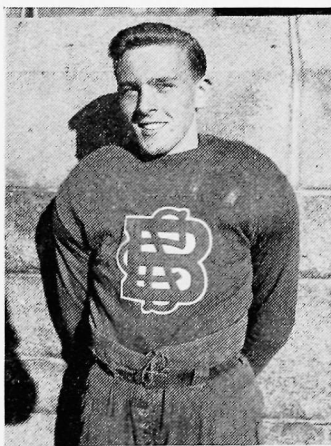

Tyler: End. First year on the team. He was a very good ball-handler, received passes well, tackled solidly, and made a near-perfect teammate for Price.

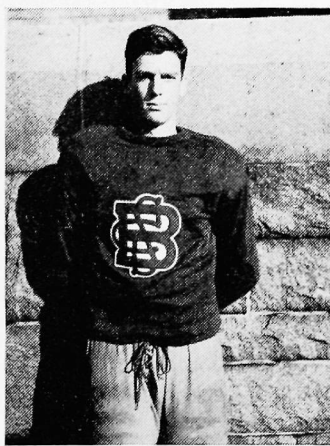

Hurst: Middle. First year on team. A tough-to-stop middle who reeled off many yards, George "hated" the game, so he says, but his impatience on the sidelines at Stanstead belied the claim. He was a real team player, and a joy to watch.

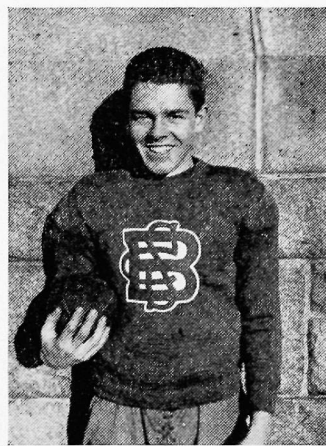

Aird: Inside. First year on the team, Aird was promoted from second team early in the season, and amply justified his promotion. For steady, quick thinking and hard-tackling line play, we don't often get them much better than this dependable inside wing.

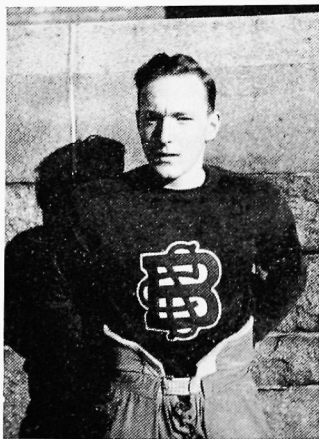

Peck: Inside. A tower of strength on the defence, Peck broke up kicks, plugged his side of the line, and tackled for keeps, to make his first year on the team a memorable one.

Pitfield: Middle. First year on the team. Bono came up and made the grade with very little practice. He was frequently flat on the ground behind the opposing line, but with a hard-tackled enemy beneath him. He possessed an almost uncanny ability to sense the play, and made the most of it. His plunging was of tank-like proportions.

Morkill: Utility back and line-man was given an "extra" colour for his versatile and useful play. He was called upon to play two complete games, and subbed on numerous other occasions. One of his best jobs was his handling of Second term as quarter.

Sifton. Snap. First year. A converted lineman, he improved with the season, and his tackling, weak at first, was very effective in the later games. A minimum of inaccurate snaps assured the back-field a fast get-away and more time for our kickers.

H. D. SHEPPARD wins the Cleghorn Cup presented by the Captain to the most valuable man on the team.

R. P. BLINCO, ESQ. (B.C.S. 1920-25)

Or, easier for you to remember, "Russ" Blinco, who coached the Football team.

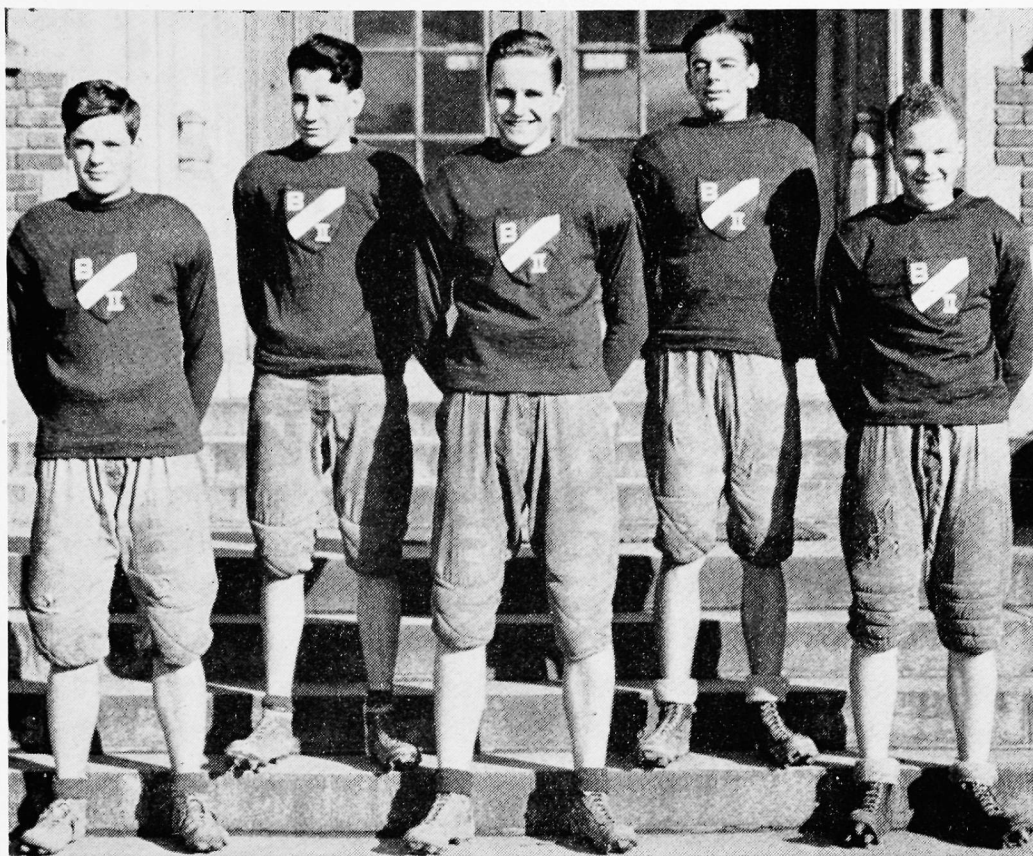

Well, anyway, "Joe" was back with the boys again.

In '25 he was captain of three senior teams and he is the same "Mouse" that we remember. What he did after leaving school is a matter of common knowledge but we recall one well-remembered night (we'll get hurt for this), when he scored 4 goals for the Maroons.

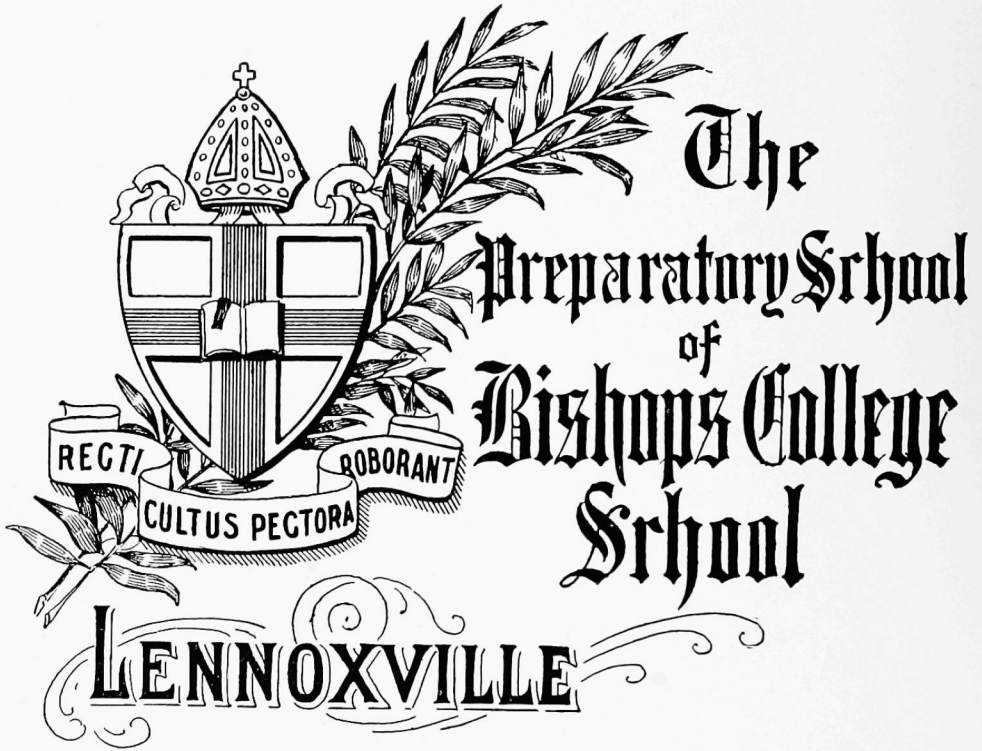

His cool, imperturbable, sound judgment was of inestimable value on the field and made its presence felt in the character of the plays.

We remember one crucial moment when we were feeling excited and all groggy inside—we looked at "Joe" and there he was cool as a cucumber, calmly lighting a cigarette and quietly giving advice.

The Subs: Huggett, Christie, Mc-Boyle, Horniman and Mackay were very nearly regulars, and if there was any difference in the team's effectiveness then they were on, this observer failed to notice it. All played sound, energetic football, and proved that the old adage is still true—a team is as good as its reserve material.

The chief topics of conversation of all Prep. boys returning to School in September are, first, what the new masters are like; second, how many new boys there are and what they are like. It doesn't take long to form opinions about every new comer and, when all have settled down, some of these hastily formed opinions change, although first impressions often remain.

These are some of the impressions that have remained: that we are fortunate to have with us as new masters, Mr. J. C. Farthing, B.A., and Mr. W. S. McMann; also the new boys whose names follow: Coghill, Gordon, Jekill I, Whitehead II, Cresswell, Furse, MacDougall, Milling, Ogilvie, Pestalozzi II, Scholes II, Cohen, Dawson, Monier-Williams, Scheib I, Jekill II, Porter II, Scheib II, Whitehead III, Spafford, Winder II. All these boys have made a promising beginning and we hope they will continue to be as happy as they appear to be at this time.

"Bono" Pitfield has been appointed to assist in the Prep. games and in dormitory duty. He is doing both jobs very well indeed.

Our thanks are due to Mr. G. Wanstall of Selwyn House School who has kindly donated a cup for competition in soccer among the three schools: Selwyn House, L.C.C. and ourselves. We were rather lucky to win it this year.

The following gentlemen have kindly given their time and services to us this term and we would like to extend to them our sincere appreciation: Mr. W. A. Bown, who showed us some excellent "movies" of local and school interest, and the Rev. C. Sauerbrei,

the Chaplain, who gave us a lantern talk on Burma. All the pictures he showed us were taken from his own photographs which were exceptionally good.

We also wish to thank Mrs. R. Brodeur for her very kind gift of books.

Among the visitors were two Old Boys whom we were especially glad to see: Lieutenant George Cross, R.C.N.V.R., a former master and senior prefect, and A/L A. Leonard Page, Fleet Air Arm, who arrived from England a few weeks ago.

We have received interesting and appreciative letters from the following boys who returned to England a short time ago: Bailey, who is at a school in Hertfordshire preparatory to entering Dartmouth; Thomson, who is also in a school preparing him for Marlborough; Kindersley and Montefiore who are both at Eton; and we have had news of both McIver and Taylor.

As we go to press, interest is centred upon the examinations which loom ahead and the exodus for the Christmas holidays. We wish all our friends happiness and good news at this season.

A short record of events and activities follows:

The soccer season proved a successful one. Starting off with only five of last year's team and with a marked weakness in centre field, the crease responded in so spirited a fashion to the excellent coaching of Mr. Page that we finished the season as the first winners of the new soccer cup recently presented by Mr. Winstall. Our success, however, was won only after a season's hard fought struggle against Selwyn House and then only in virtue of the fact that, while neither team had done better than gain a tie against the other, our record of goals scored against the third team, L.C.C., was better than was theirs.

DO YOU RECOGNIZE ANYBODY IN THE UPPER PICTURE ?
BELOW : WORKING AT THE NEW OUTDOOR RINK

The highlight of the season was the final game of all, played against Selwyn House on our home grounds. Our visitors scored in the opening minutes of play and continued to hold the upper hand throughout the first period; but in the second half the roles were reversed and, with the Prep. pressing the pace and playing with ever increasing élan, we were finally rewarded with a well earned goal which turned an appallingly near defeat into the tie which gave us the Cup for the year.

After the Selwyn House game a schedule of games was started within the Prep. with each boy in the school playing on one or other of four teams, named in honour of the Army, Navy, Air Force and Marines. After a very close fight between the first three of these teams, captained by White, Mitchell and Rider respectively, the victory finally went to Mitchell's Navy eleven. The Marines, under Monroe, put up a gallant fight throughout but were overpowered in all but two of their games.

Since the close of the soccer season the boys have been enthusiastically working under Mr. Glauser in cutting a new ski trail through the woods. Every afternoon an army of hardened woodsmen, equipped with all the necessary tools of their craft, can be seen in the nearby woods working with the quiet and determined skill of a populous beaver colony. It is expected that the work will soon be completed and that the trail will provide for a long felt want when skiing returns again.

This term has also been marked by very valuable work done in the library. Mr. Glauser, with the able assistance of many of the boys, put in long hours for many days

"CUTTING A NEW TRAIL"

and weeks at the beginning of term in repairing all the damaged volumes in the library and in making out a new and more convenient carding system. This has added greatly to the look of the room and prolonged the life of many scores of books. The Prep. owes a very real debt of thanks to Mr. Glauser and the boys who with him worked so hard on such a laborious job.

Our indoor entertainment for the term has consisted of the usual games on Sunday evenings and in the ever welcome movies on Saturday nights. Each week Mr. Glauser has provided three most interesting pictures ranging, as they do, over a great number of subjects. The Prep. again, is much indebted to Mr. Glauser for the time and work which this entails.

Apart from the two interesting evenings to which reference has already been made, the only break in the usual routine of week end entertainment came with the celebration of Hallowe'en and the presentation of four dormitory plays. All four were voted a great success but, by general consent, the honours of the evening were divided between the "Baby Dorm." and Remove. The former put on an excellent little play dealing with the billeting of German troops in the house of an old man and his wife living in some occupied country in Europe. The acting of Jekill II as the old man was quite outstanding, while Dawson, Scheib I and, in fact, all the others were really entertaining. The Remove Dorm presented the Witches' Scenes from Macbeth. Witches and apparitions comprised the greater part of the cast and all the parts were well taken. All the witches drew the last ounce of venom from "eyes of newt and toes of frog" and the apparitions were all sufficiently weird and ghastly even for Hallowe'en. A week later the same scenes were once again put on to the realistic accompaniment of thunder, lightning and wind, for which

WORK ON THE OLD TRAIL

we wish to thank Dodds, Stoker and Price II of the Upper School for their expert help in making the staging as effective as possible.

The boys wish to thank Miss Reyner for her kindness in asking the various Dorms to her rooms on Sunday evenings. One and all have had a thoroughly good time and each in turn, feels very superior to the rest of the school who are having their routine Sunday supper in hall.

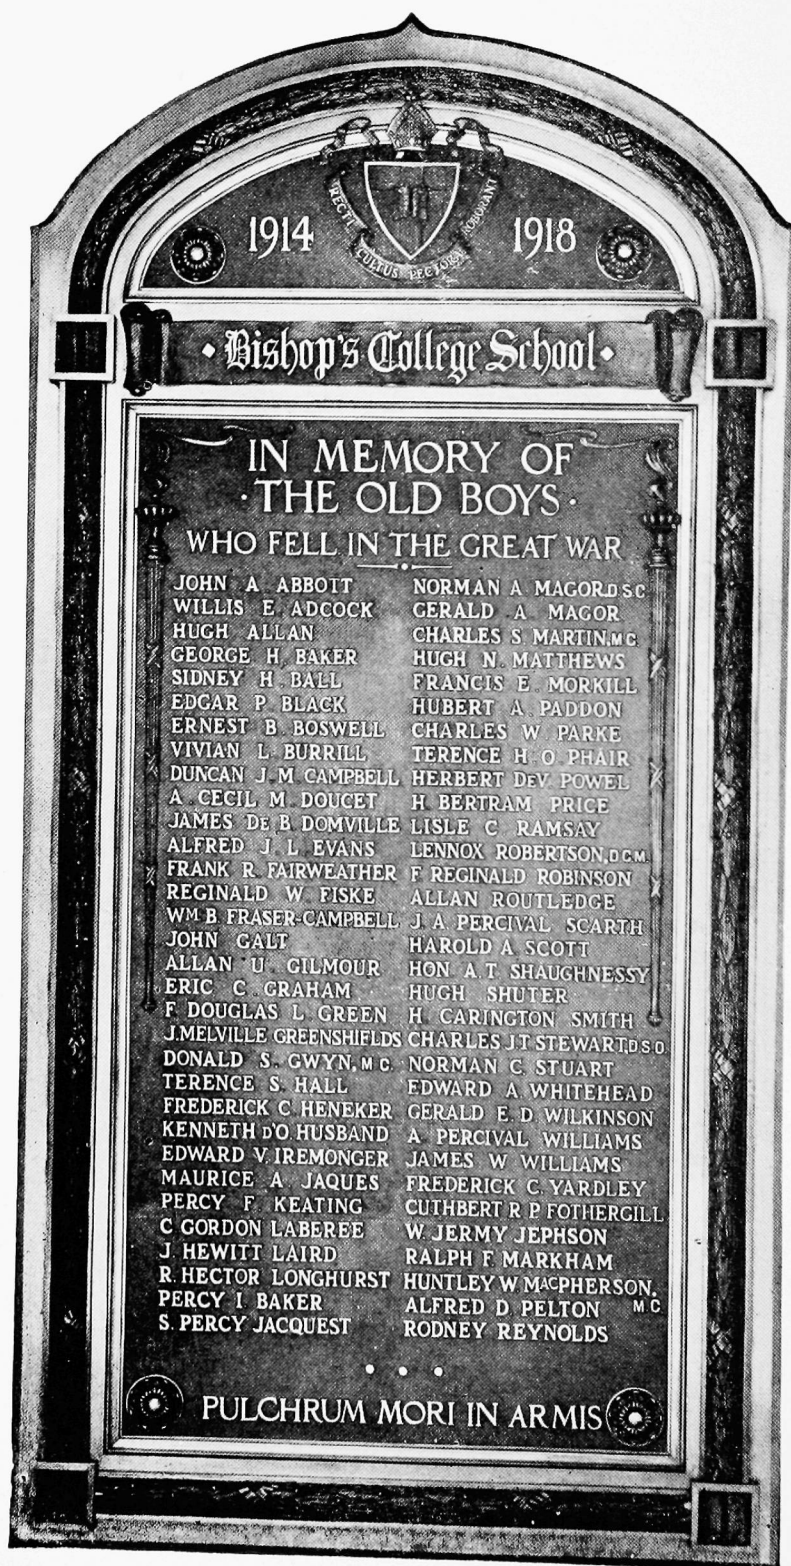

As we go to press a newly levelled plot of ground, within a newly constructed wall of boards, lies patiently waiting for its quota of snow, water and cold weather to transform itself into a full-fledged outdoor skating rink. With this addition to its hockey equipment, together with its new ski trail, the Prep. is already looking forward to the best that winter can bring. With such hopes in mind may we once again wish all our friends the best of Merry Christmasses and the happiest of New Years.

CASTLES

The sandy wastes washed by the sea
Are filled with children happily
Playing, splashing, swimming, making
Castles in the sand.

The sandy wastes washed by the sea
Are filled with brave men doggedly
Firing, running, swimming, making
Castles that will stand.

DEATH

Great, majestic, sad is death,
 Each one makes the world one less.
 Mightier, by far than life;
 Who can 'scape the reaper's knife?
 No one that the eye can see;
 None but God is truly free.
 Death runs rampant in this world,
 Once war's banner is unfurled.
 Death is really not so sad,
 Though the thought oft drives men mad,
 Death is birth; birth of new life;
 Life not filled with bloody strife,
 But instead with peace and joys;
 Nothing there the soul annoys.
 After death we feel no harm,
 For we rest in heaven's calm.

J. M. CALDER, Form IV-A.

LIFE

O Life ! What dost thou hold for me ?
 'Tis naught as far as I can see
 Yet men they will not let thee go,
 Though death will cure them of their woe.

O Life ! Why dost thou cling to man ?
 Dost think we can outlive thy span ?
 For death must come to one and all,
 And we must answer to its call.

O Life ! One day I'll leave thy arms,
 And I will suffer no more harms.
 I'll leave to come back never more;
 And pass through Paradise's door.

WOODSTOCK LOSES ONE OF ITS MOST PROMINENT CITIZENS

J. Norman W. Winslow passed away suddenly at Edmundston on the 10th March.

Mr. Winslow, had he lived, would have been 82 years of age on July 8th next. He was born at Woodstock of United Empire Loyalist descent, the son of the late John C. and Charlotte O'Donnell Winslow, and a direct descendant of Governor Edward Winslow of Plymouth Colony. He received his early education in Woodstock, later attending Bishop's College School, Lennoxville. He was one of the early graduates of the University of New Brunswick. He attended Law School at Harvard and upon his return he entered the law office of his uncle, Mr. Byron Winslow in Fredericton, where he studied law for a few years and then returned to his home in Woodstock where he opened his own law office.

Mr. Winslow came to Lennoxville when he was thirteen; he thought it 'a grand place' and loved to talk about it and hoped his grandson would come here. A cousin is here now.

He was an ardent supporter of the Legion and for many years one of the trustees of the Canadian Legion, B.E.S.L., and a life-long adherent of the Church of England.

FLYING OFFICER GEORGE E. AULD, B.C.S. 1922-26

KILLED ON ACTIVE SERVICE

Flying Officer Auld joined the R.C.A.F. in January. He was born in Charlottetown, P.E.I., 32 years ago, the son of the late George Auld and Mrs. Auld of that City. He was educated at Bishop's College School, Lennoxville, at the University of Toronto, and graduated from McGill College in architecture in 1933. He was a member of the Alpha Delta Phi Fraternity while at McGill.

After a year of post-graduate study in Europe he became a partner in the firm of Wilson & Auld, architects, and was an active member of the Winter Club.

He is survived by a brother, Prof. F. Clyde Auld of the University of Toronto, and a sister, Mrs. R. H. Beale of Hamilton, Ontario. Another brother, Ernest Auld, an officer in the 42nd Highlanders, was killed in the last few days of the Great War on the Amiens front.

From "B.C.S.", 1926—

Auld. First of all "George" is a Prefect. He has also been a member of the football team for the past two years, filling the responsible position of snap-back in faultless manner, and was Secretary last season. He is an active member of the Magazine Staff, being Business Manager, is leader of the School Orchestra and Stage Manager of the Dramatic Club. In the Cadet Corps he is second in command, having been a sergeant in 1924. George is matriculating this year and intends to go to Toronto University to take up Law.

COL. C. M. DRURY GOING TO U.K.

MONTREAL OFFICER WAS ATTACHE AT WASHINGTON
(B.C.S. 1925-29)

Ottawa, Nov. 14—(Star Special)—Lieut.-Col. Charles Mills Drury, of Montreal, (B.C.S. 1925-29), of Montreal, military attache of the Canadian Legation in Washington, will shortly leave for the United Kingdom and will be succeeded by Lieut.-Col. William Basil Wedd, of Toronto, according to an announcement by the Department of External Affairs.

Colonel Drury was appointed assistant military attache at Washington in June 1941, and became full attache last August.

Son of Victor M. Drury, he is one of a brilliant group of young gunners of the 2nd Montreal Regiment, R.C.A. who helped keep the unit in the forefront of efficiency throughout the Dominion during the half dozen years preceding the war. He graduated with honours from the Royal Military College in 1933, and won the Sword of Honour in his graduating year. After leaving R.M.C. he returned to Montreal and joined the 7th Medium Battery. He attended McGill University, taking a law course and graduating in 1936. In civil life he was a lawyer in the firm of Montgomery, McMichael, Common and Howard.

Promoted to lieutenant in 1934, he afterwards entered the R.C.A.F., being appointed provisional flying officer in No. 115 (Fighter) Squadron here. He returned to his gunnery, however, leaving the 7th Medium in 1939 for the 3rd Medium when the latter was chosen for overseas service. He became a captain and was appointed to the then C.A.S.F. in December, 1939.

Before going overseas he was made adjutant of the 1st Medium Brigade, but returned to Canada as a staff officer on appointment to the newly-organized Canadian Third Division. Early in 1941 he was promoted major and placed in command of a light anti-aircraft battery. This was followed by his appointment to Washington.

Montreal Star, Oct. 14—

LOCAL OFFICER IS EX-HUSSAR

LIEUT.-COL. R. N. McLEOD GIVEN NEW COMMAND

Lieut.-Col. Robert N. McLeod, R.C.A. (B.C.S. 1910-17), who was on the Reserve of Officers of the 6th Duke of Connaught Royal Canadian Hussars, at the outbreak of war, has been given command of an artillery regiment overseas, it is learned here.

A graduate of Royal Military College and of McGill, where he took a B.Sc. degree in engineering, his technical qualifications led him to join the First Survey Regiment, then the only unit of its type in Canada, at the start of the war. He took a battery overseas, then transferred to a medium artillery regiment of which he was made second-in-command.

Two brothers overseas are Major Malcolm J. McLeod, of The Black Watch (B.C.S. 1910-1918), and Capt. Donald G. McLeod, R.C.A. (B.C.S. 1914-1923).

P. L. DOUGLAS (B.C.S. 1916-20)

Nelson A. Rockefeller, Coordinator of Inter-American Affairs, Washington, D.C., has announced the appointment of Percy L. Douglas as Assistant Coordinator.

For several months Mr. Douglas has served as executive assistant to the Coordinator. As Assistant Coordinator, he will continue to be responsible for administration and for such special work as the program for the construction and operation of wooden sailing vessels throughout the hemisphere recently announced by the Coordinator's Office.

Mr. Douglas is a graduate of McGill University, 1924, Engineering, and from Bishop's College School, and is the son of Mr. and Mrs. H. P. Douglas, 1455 Drummond Street, Montreal.

He was formerly Manager of the International division of the Otis Elevator Company, New York. He joined the Coordinator's office as a consultant in August, 1940, and at that time headed a mission to Central and South America, which was undertaken in co-operation with United States foreign service officers to study the representation of United States business in the other American republics. The program developed was the basis of the proclaimed list which was established in July, 1941. In January of this year Mr. Douglas resigned his position with the Otis Elevator Company in order to give his full time to the Government.

P.O HUGH W. SETON, R.C.A.F. (B.C.S. 1937-38)

Hugh received his Commission last August at No. 12 Service Flying Training School, Brandon, Man., where he continues as a Service Flying Instructor. He has been very successful in this important branch of the Service, and many of his former students, who came from all parts of the Empire, are now doing good work Overseas.

SGT. DAVID C. SETON, R.C.A.F. (B.C.S. 1936-41)

Dave received his "Wings" at No. 2 Service Flying Training School, Uplands, Ont., at the end of July, and was posted for "Overseas." He has now been in training as a "Fighter Pilot" for several months somewhere in England. In letters home, he mentions having run across several officers who received their Service Flying Training under his brother Hugh at Brandon, Man.

McGill Notes

TIMMY BURGESS. Although his Medical Studies take up much of his time, the freshettes are not neglected.

DONALD DURNFORD. Donald plays the part of a secluded senior to the best of his ability.

ERIC PHELPS. Eric killed several dogs in the Med. Lab. the other day. He is now ready for a human.

WALTER PALMER. Wog is often seen in the Redpath Library—probably preparing for another year's skiing. He was in the tennis tournament for quite a while.

RONNIE BAYNE. Ronnie takes a great interest in his fraternity—and in giving dances for the C.W.A.C.'s.

BOB COLLIER. Bob did a little running this year but says he's out of condition. Perhaps second year Engineering allows B.C. a little more time for entertainment!

HERBIE THORNHILL. His trunk has been packed since May, but the hopeful cadet is still at college.

KENNETH HOWARD. Ken finds that farming and college don't mix — too much work all round.

KENNETH HUGESSEN. Ken's absence from college is felt by all of his many friends. He is one of those patients whose courage and cheer bring encouragement to all who visit him. We join in sending him our very best wishes.

JOHN SKELTON. John still raises his lusty voice as in days of old. Somehow his picture got into the Daily last month—he bought the remaining copies.

DAVID WANKLIN. Dave was last seen stalking the enemy in the McGill Armory — those white flashes on his shoulder mean A. S.

CEDRIC WINSER. Cedric has taken a new interest in the fair sex. He still has trouble combing his hair.

DAVID McLIMONT. When seen he is usually heading somewhere in his business-like hurry.

JOHN DOHAN. John finds that the bicycle is no substitute for the car in winter time—or on Saturday nights.

GERRY HANSON. Same old Gerry except for some newly acquired farming talent. Perhaps he can be of some use to Herky?

DAVID LANDRY. To keep up those shoulders Herky is going to have to resort to the college Weight Lifting Club.

TOM KER. Tom finds that his studies take up a lot of his time. We wonder whether he will continue to take his work so seriously now that he has met some of the C.W.A.C.'s?

JACK JENKINS. Jack is one of McGill's best farmers; not only in the true sense but also as far as beards are concerned—he was chosen King of the Farmers' Ball.

BOB POWELL. Bob has been leading quite a gay life. Now he is thinking of joining the Navy to see the world.

JOHN SHUTER. Yes, Mortimer is at college, but he's taking such an interest in the freshettes that we are seriously thinking of calling him Charlie.

COLIN STAIRS. There has been no sign of Colin sowing his wild oats as yet, but he harvested some tame ones.

DAVID WILLIAMSON. Dave's enthusiasm for skiing carried him up north last week-end. We hope that he found the dead leaves as soft as the snow.

BOB COCKFIELD. Looking over last week's activities, we have concluded that Bob finds the movies more educational than his books.

MICHAEL GIRI. Mishka has a job outside college hours. He is having some trouble in finding an ideal boarding house.

JAKE FISHER. When we see a head and shoulders above a crowd we know it's Jake.

ROB ADAMS. Rob was recently seen at a McGill hockey game playing on a wood instrument.

STUART HUNT. Stuart finds the standards of McGill something to think about. As far as we can discover he spends much of his time in the library.

U. B. C. Notes

B.C.S. OLD BOYS AT U.B.C.

ANDERSON, F. S. Andy seems hard at work but finds plenty of time for the co-eds. He broke his collar-bone at rugby practise this fall, but is all out for hockey.

DAVIS, L. C. Les came late to the University this year, but was quick in finding a place among his old pals. He is hoping to get into the Navy soon, and is working hard towards that end.

DAY, S. Stock played a good game of football for the College this season, and should also do well in hockey. He seems to be working hard to pass his first year Science, while enjoying college life at the same time. Stock is even in the Choir ! !

GOODHUE, E. Ned is now in his last year B.Sc. and is doing well in every respect. He is a corporal in the C.O.T.C. and handles his duties well.

LYNN, B. Biff was elected senior freshman this year, and is getting the most out of college life. He is very interested in the C.O.T.C. and all forms of sport. We have information from reliable sources that the love-bug has gone to work on him.

McMASTER, R. R. Dick was a keen member of the football team and is becoming felt in the field of athletics at Bishop's. We also have it that Dick has found a mate for himself.

MILLS, G. H. S. Sandy is now in third year science, and he is reporting to the R.C.N.V.R. at Christmas. He ran a splendid race as a member of the winning road-race team.

THORP, H. D. Doug. is doing very well in first year B.Sc., and is especially proud of his collection of pipes. He is in both the C.O.T.C. Band and the Choir.

TOMLINSON, R. H. Dick is in his last year of science and is a sure bet to get his degree. He is a Staff Sergeant in the C.O.T.C. Dick also ran a fine road race and was on the winning team. He is Secretary-Treasurer on the Student Council.

WALSH, L. F. B. Bud has risen to President of the Second Year and is doing a great job as Editor of the Mitre. He is just working hard.

ANNUAL BANQUET STILL SUSPENDED

At a recent meeting of the Directors of the Association it was decided that for the same reason as last year no Annual Banquet should be held. Those Old Boys who were in the habit of paying their dues at the annual banquet are reminded that the dues are needed by the association even more urgently than before because of the large number of Old Boys overseas who are not required to pay, and are urged to send them to the Secretary, P.O. Box 250, Place d'Armes, Montreal.

CENTENARY SCHOLARSHIP

For some months a Committee of Old Boys has been studying the conditions governing the award of the Centenary Scholarship with a view to making the scholarship more flexible and better adapted to present conditions. The Committee's report has been approved by the Board of Directors and the proposed revision will be laid before the next Annual General Meeting. In particular, the revised rules provide for the awarding of the scholarship to a boy already at the School, whose parents may for financial reasons be unable without assistance to continue to send him. It is further provided in the revised rules that all applications, except on behalf of a boy already at the School, must be sponsored by an Old Boy. It is suggested that any Old Boy having knowledge of a deserving candidate should communicate with the Head Master prior to July 1st, 1943.

The amount of the scholarship is \$250.00, but it is contemplated that in special cases it might be awarded jointly with the Ogilvie Scholarship for the same amount. The Head Master is ex-officio a member of the Board of Selection for both scholarships. The representatives of the Old Boys' Association are The Hon. Mr. Justice C. G. Mackinnon and Major E. de L. Greenwood.

ROYAL RIFLES OF CANADA

We are pleased to note that the following officers of the Royal Rifles previously reported missing at Hong Kong are now reported Prisoners of War:

Major J. H. Price, M.C. ('10-'15).

Capt. C. E. Price ('14-'19)

Capt. W. F. Clarke ('25-'27)

"We serve the
Eastern Townships"

We Know What You Want !

Within these four walls, you of the younger generation will find much to aid in your tasks and to further your hobbies and recreations.

Clothing there is, of course,—haberdashery and footwear, tailored and styled to your tastes In addition, too, you'll find a richly stocked Book Room, a Music Centre with albums and records of masters, old and new . . . A Camera Counter, if photography be your hobby, to say nothing of our Ski Chalet and Sports Shop, for lighter hours out-of-doors . . . Yes, we study your needs, and strive always to be ready to meet your wants.

It's a Man's World . . .

Women haven't very much to say about the way we run our BOYS' DEPARTMENTS at Morgan's. The Departments are as masculine as Dad's pipe rack. Women are tolerated, of course, if they're buying for boys, but they won't find the girlish touches that boys abhor.

When you fellows are in town, drop in to the store, we'll show you what we mean.
